RE: PQ ref 42949/25 – To ask the Minister for Health if her Department has, in collaboration with other stakeholders including the Department of Transport, carried out analyses of the capacity of public transport connections to Beaumont hospital; the other work, if any, her Department has carried out to explore the way in which demand for parking and private car access to the hospital may be reduced; and if she will make a statement on the matter.

Dear Deputy Hearne,

Please be advised that as part of the campus development program a Road Realignment project is being developed through design stages by HSE and Beaumont, this project has had input from NTA with a view to incorporating the road project with the NTA Bus Connects plan, to substantially enhance bus services to the Beaumont campus. The objective is to provide alternative travel options and reduce car use."

If I can be any further assistance, please let me know.

Kind regards,

Anne Coyle
