“To ask the Minister for Health the cost of installing bike shelters at a hospital (details supplied), including the date of installation, in tabular form; and if she will make a statement on the matter.”

Details supplied: St. Mary's Campus.”

Dear Deputy Kenny,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

There are no bike shelters installed in St Mary's Campus.

The bike parking facilities on the campus are:

- PCC development in 2018. There are 2 number Sheffield type external bike stands, located near the main entrance to the PCC, delivered as part of the main construction works for the facility.
- Heather House CNU 2021. Sheffield type external bike stands, located in the rear of the facility, delivered as part of the main construction works for the facility.

Yours sincerely,

Mr. Kieran Cronin,
Estates Manager, Capital & Estates, HSE South West
