**To ask the Minister for Health the status of the rollout of omnipod insulin pumps across HSE services. -
David Cullinane**

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question (Reference 44946/25), which you submitted to the Minister for Health for response.

For a product to be considered for addition to the Reimbursement List, the company must submit a pricing and reimbursement application to the HSE under the Health (Pricing and Supply of Medical Goods) Act 2013. To date, an application has not been made for Omnipod® 5 by the company to the HSE.

The HSE is aware that the company have not yet launched the product to the Irish market. Omnipod® 5 is being rolled out world-wide on a phased basis due to constraints in manufacturing capacity versus demand and the company do not yet have a timeline for launch in Ireland.

Yours sincerely,

Suzanne Doyle
