Dear Deputy Clarke,

The Health Service Executive has been requested to reply directly to you in the context of the above representation, which you submitted for response. I have examined the matter and the following outlines the position.

There are currently 1,242 active waiters on RHM's Outpatient Gynaecological Waiting List, 293 of which have OP appointments. There are just 2 patients waiting over 12mts with Outpatient appointments.

Unfortunately, it is not possible to quantify current wait times for endometriosis services at RHM as referral reason is not captured on iPMS on receipt of referral.

The National target is to reduce the weighted average wait time to 5.5 months by end 2025. The weighted average wait time for access to Gynaecology Outpatient services at RHM is currently 3.0 months.

OPD Waiting List at 17th Sept 2025	0-3 Months	3-6 Months	6-9 Months	9-12 Months	12-15 Months	15-18 Months	18-21 Months	21-24 Months	24-36 Months	36-48 Months	48+ Months	Total

Has Appointment Date	139	80	65	7	2	0	0	0	0	0	0	293

I trust this information is helpful to you.

Yours sincerely

Ms. Margaret Kelleher
Hospital Manager
