

Mr Sean Fleming, TD,
Dáil Éireann,
Leinster House,
Kildare Street
Dublin 2

22nd September 2025

PQ 45886/25* To ask the Minister for Health the up-to-date position regarding a development at a health centre (details supplied: The situation in relation to improvement works to be carried out to Clonaslee Health Centre, especially the need to install and provide parking spaces on the HSE ground beside the Health Centre. In view of the fact that there is ample grounds for this and elderly people are required at the moment to park on the side of a busy road and try and cross a busy road especially when there is a lot of cars on this road, notwithstanding there is lots of space for the HSE to remove the danger caused by parking at this health centre.); and if she will make a statement on the matter. -Seán Fleming

Dear Deputy Fleming,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

I have sent a request to our Regional Capital & Estates team to undertake a review on car parking provision at Clonaslee Health Centre.

Any proposed work would be dependent on obtaining statutory approval, funding availability and the prioritization of the provision of parking over other frontline service provision.

Yours sincerely

Micheál Conneely
Interim National Director
Capital & Estates
