RE: PQ ref 45917-25 – Neurosurgery Programme - Beaumont Hospital – “To ask the Minister for Health for an update on the HSE's plans to expand Ireland's neurosurgery programme and infrastructure to ensure patients can potentially more readily avail of life-changing procedures; and if she will make a statement on the matter.”

Dear Deputy Sherlock,

Please be advised that Beaumont Hospital is in the process of progressing a development strategy for a new Neurosciences Block incorporating all related specialties within the broader context of an updated Outline Capital Development Plan for its campus. The development is currently at concept stage and is being benchmarked against international standards for the provision of a comprehensive range of services for the diagnosis, treatment and care of all neurological conditions.

If I can provide any further information, please let me know.

Kind regards,

Anne Coyle
