

5 September 2025

Martin Daly T.D
Dáil Éireann
Leinster House
Dublin 2

PQ 46098/25 : To ask the Minister for Health if she will detail the total number of staff on a whole time equivalent basis at the end of June 2025; the number of medical-dental staff on a whole time equivalent basis in each public-voluntary hospital at the end of June 2025; and the number of nursing & midwifery staff on a whole time basis in each public-voluntary hospital at the end of June 2025, for each public-voluntary hospital, in tabular form; and if she will make a statement on the matter.

Dear Deputy Daly,

I refer to your recent parliamentary question in relation to staffing which was forwarded to the Health Services Executive (HSE) by the Department of Health for direct reply.

Health Services Personnel Census (HSPC) reports on direct employment in the provision of Health & Social Care Services by the HSE and the various Section 38 hospitals & agencies. Staff are reported on the basis of staff category and for the purposes of this PQ the relevant staff categories are Medical & Dental and Nursing & Midwifery. HSPC details at the end of June 2025, show that there were 149,199 WTE (equating to 167,635 personnel) directly employed in the provision of our services and of which 14,622 WTE (equating to 15,526 personnel) were Medical & Dental and 48,306 WTE (equating to 54,173 personnel) were Nursing & Midwifery.

Details of Medical & Dental WTE and Nursing & Midwifery WTE at the end of June 2025 by hospital as requested by the Deputy are set out in the attached tables.

Workforce reports are available through the Health Services Personnel Census (HSPC), which is the official employment count for the public health service. The latest published information is routinely published [here](#).

I trust that this information is sufficient to meet the Deputy's needs.

Yours sincerely,

Dean Grennan
General Manager
