17th September 2025

Deputy Clarke,
Dáil Éireann,
Leinster House,
Kildare Street,
Dublin 2.

PQ 46330/25 To ask the Minister for Health the number of persons on audiology waiting lists in the past 5 years, per year, in tabular form, and the number of persons that received audiology assessments and hearing aids in the same period

- Sorca Clarke

Dear Deputy Clarke,

The Health Service Executive (HSE) has been requested to reply directly to you in the context of the above Parliamentary Question (46330/25) which you submitted to the Minister for Health for response.

The HSE is committed to delivering efficient high-quality services to all eligible service users. In 2024, there were 56,256 patients seen by HSE Primary Care Audiology services. Each Health Region is focused on improving access to care in order to reduce waiting times for patients in the context of resources available.

Please find the attached appendix, which contains, in tabular form, details of the HSE Primary Care Audiology waiting list for each region in the last 5 years at December unless otherwise stated. Please also find the number seen data for the same period. Regarding the number of persons that received hearing aids in the past 5 years, the longest wait for clients is from the referral to the assessment in the Community Audiology Service. Once the assessment is completed, clients will typically receive their hearing aids within 4- 8 weeks.

- Appendix 1 - Audiology Waitlist Data 2020 to 2024
- Appendix 2 – Audiology Patients Seen 2020 to 2024

I trust this information is of assistance to you.

Seán McArt
General Manager
Primary Care Access & Integration
