Ref: PQ 51835/25

23rd October 2025

Deputy Aidan Farrelly Dáil Eireann Dublin 2

Dear Deputy Farrelly

I refer to your parliamentary question below.

PQ 51835/25 – To ask the Minister for Health the specialist teams and services in place to support children requiring prosthetics alongside complex abdominal and stoma care; and if the HSE has sufficient expertise and resources in place to deal with this care.

Children's Health Ireland (CHI) Response:

Children's Health Ireland (CHI) does not provide in house prosthetic services. CHI engage with a number of external providers and any child or young person requiring prosthetic intervention will be referred to one of these by their lead clinician.

Yours sincerely

Paul Harding
Directorate Operations Lead
