To ask the Minister for Health the number of physiotherapists employed by the HSE and or children's physiotherapy services in County Galway; if there are vacancies for physiotherapists treating children in County Galway; if so, the number of such vacancies; the length of time each vacancy has existed; and if he will make a statement on the matter.

Dear Deputy Rabbitte,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question. I have examined the matter and the following outlines the position.

There are 17.79 WTE Physiotherapists working in County Galway. There is one Physiotherapy post in Primary Care paediatrics. An additional new post has been approved for paediatrics and is currently with the NRS awaiting to be filled.

I trust this information is of assistance to you, but should you have any further queries please contact me.

Yours sincerely

PP: 

Frank Murphy
