Balgaddy is a unique area in South Dublin that is annexed from North Clondalkin and Lucan without the adequate public transport infrastructure.

That this RHF calls for an update on the Building Programme of the Tymon North Community Nursing Home facility, Tallaght, including details of the schedule now being followed and also confirming what plans are in place for the orderly opening, in time, of the Nursing Home. May we also have assurances that effective actions have been taken in respect of any matters of concern raised by the local community and may we have a full statement.

Cllr. Charlie O'Connor

This Forum calls on the HSE and the Minister to conduct an Full Independent Public Inquiry into the Transvaginal Mesh Implantation that has been carried out on thousands of women in the 26 counties. This Inquiry needs to establish the facts regarding the dangers posed by use of surgical Mesh implants and recommend measures to help the women effected.

Cllr. Greg Kelly

That the HSE consult with Dublin City Council, Voluntary Housing Organizations, The Red Cross and community groups in regard to the development of Primary Care Centre in Terenure. This is a great opportunity to enhance the community Service structures in Terenure and it's important that this site is developed in the best interest of the local community.
