

We're taking climate action

The HSE Climate and Sustainability Programme, in collaboration with HSE Spark Innovation, is delighted to announce the **Climate and Sustainability Recognition Awards**.

This initiative seeks to recognise and celebrate projects completed in the last **two years or currently ongoing** that have contributed to the HSE's journey towards Net Zero. Successful applicants will be awarded up to €5,000 to reinvest in an existing project or to establish a new initiative related to climate and sustainability.

Priority Areas

Applications are sought for projects aligned with the following priority areas, as outlined in the [HSE Climate Action Strategy 2023- 2050](#):

- 1) Sustainable Buildings and the Green Environment
- 2) Transport and Mobility
- 3) Sustainable Procurement
- 4) Greener Models of Healthcare
- 5) Water and Waste Management
- 6) Adaptation and Resilience

Applications for other projects that demonstrate significant impact in climate and sustainability are also welcome.

Eligibility

- The lead applicant must be an employee of the HSE or Section 38 or 39 organisation.
- Applications must be made in respect a project completed within a HSE or Section 38 or 39 organisation.
- Project completed in the last two years or currently ongoing.

How to Apply

Applications should be submitted via the following link: [Application form for Climate and Sustainability Excellence Awards](#)

Closing Date: Friday 8th August at 5pm

Further Information

Applications will be assessed based on the following criteria: 1) Climate Impact 2) Innovation and novelty 3) Teamwork and Collaboration 4) Scalability and Transferability and

Projects awarded funding will be presented at the HSE Climate and Sustainability Conference on 16th September 2025. Successful applicants will be required to submit a project synopsis for inclusion on the HSE Climate and Sustainability web page.
