

## Patient support services - Best-Value Biological Medicines: TNF- $\alpha$ Inhibitors

Support is available for clinics and patients from the marketing authorisation holders of the recommended best-value biological (BVB) medicines, i.e. AbbVie Ireland (**Humira**<sup>®</sup>), Amgen Ireland (**Amgevita**<sup>®</sup>), Biogen Ireland (**Benepali**<sup>®</sup> and **Imraldi**<sup>®</sup>), Celltrion Healthcare Ireland (**Yuflyma**<sup>®</sup>), Clonmel Healthcare (**Hukyndra**<sup>®</sup>), Fresenius Kabi Ireland (**Idacio**<sup>®</sup>), Mylan Ireland (**Hulio**<sup>®</sup>) and Sandoz trading as Rowex Limited (**Erelzi**<sup>®</sup>). This includes information on the biological medicines, training in the usage of the administration devices for each of the products, and the provision of home support to patients by a nurse. The relevant contact details for are provided below.

### AbbVie Ireland (Humira<sup>®</sup>)

To refer a patient who has been prescribed **Humira**<sup>®</sup> to the patient support programme or to obtain training pens, please contact 1800 200 573 or [www.abbviecare.ie](http://www.abbviecare.ie). The patient support programme is provided by Point of Care Limited on behalf of AbbVie Ireland Limited.

The following services are available as part of the patient support service:

- Home visit nurse support: this includes training on the Humira<sup>®</sup> administration device and education on the biological medicine, e.g. storage, travelling tips. This can also be delivered remotely, if required.
- Provision of a patient information pack to include self-injection administration guide and information on travelling with your medication.
- Access to a dedicated patient website.
- Access to a dedicated patient support phonenumber.
- SMS reminder service to aid adherence.
- Sharps management service - this includes the provision of sharps bins and waste collection.
- Provision of a cool bag to support patient travel.
- Provision of faecal calprotectin home test kits to gastroenterology patients.
- Provision of QuantiFERON screening.
- Humira<sup>®</sup> training device: This is a training pen and is available to healthcare professionals.

## Amgen Ireland (Amgevita®)

In order to refer patients who have been prescribed **Amgevita®** to the patient support programme, please contact one of the following:

- TCP Homecare at 1800 211 211 or by email at [homecare.pcb@tcp.ie](mailto:homecare.pcb@tcp.ie). Alternatively, patients can be referred through the Amgen Care online referral portal: <https://www.amgencarehcp.ie/>
- Hibernian Healthcare at Home at 01 460 4820. Alternatively, patients can be referred through the Hibernian online referral portal: <https://schedule.hahirl.com/>

The following services are available as part of the patient support service upon referral:

- Optional nurse visit to deliver patient education on correct device handling and administration technique for Amgevita®, dosing information, storage of medicine, waste disposal and adverse event reporting. Up to two home visits are funded as part of the patient support programme.
- Delivery of an Amgen Care patient support pack, including digital resources such as access to Amgevita® patient demonstration video
- Text messenger reminder service to aid adherence
- Sharps bin provision and waste collection service
- Dedicated patient support telephone line
- Post-home visit report emailed to referring healthcare professional
- Provision of faecal calprotectin home test kits to gastroenterology patients
- Provision of QuantiFERON testing.

In order to obtain demonstration devices and patient support materials for use in clinics, please contact TCP Homecare at 1800 211 211 or Hibernian Healthcare at Home at 01 460 4820.
