Circular number: NCO-07-2022

Re: Phase 2 of the Structured Chronic Disease Management Programme - Revised Nursing Support Grant Deadline for HealthOne PMS Users

Dear Doctor,

Further to NCO-01-2022, attached for ease of reference, the purpose of this circular is to inform you of the update for GP's using the Clanwilliam Health, HealthOne practice management system.

As you will be aware from Clanwilliam Health, unfortunately the rollout of the Phase 2 CDM Programme for the new Opportunistic Case Finding (OCF) and the Prevention Programme (PP) from the Clanwilliam HealthOne GP PMS has been later than originally planned due to delayed implementation and delivery of the system.

In taking account of the above and to ensure you have the opportunity to provide the new phase of the CDM Programme as it pertains to the Opportunistic Case Finding and Prevention Programme, it has been agreed to extend the deadline for the Nursing Support grant for those GP's using the HealthOne GP PMS from the 1st July, 2022 at 23:59:00 to 31st December 2022 at 23:59:00.

Therefore, the relevant Nursing grant payment as set out in Circular NCO-01-2022 will be paid provided that the relevant OCF / PP data return from HealthOne users has been received by the HSE on or before the 31st December, 2022 at 23:59:00.

This will allow you as a participating GP equal opportunity to fully participate in Phase 2 of the Structured Chronic Disease Management Programme with all rules as applied in the attached NCO-01-2022.

Yours sincerely,

Pat Healy,
National Director Clinical Programme Implementation & Professional Development
