Healthy Ireland Charter

The Healthy Ireland Network is committed to supporting the vision of a healthy Ireland: ‘Where everyone can enjoy physical and mental health and wellbeing to their full potential; where wellbeing is valued and supported at every level of society and is everyone’s responsibility.’

This Network will support, advocate and ensure the Healthy Ireland message is shared, understood and brought to life throughout society. Now more than ever, there is an unparalleled opportunity for us to embrace health and wellbeing, to be the pioneers of a national movement that will support healthier communities for generations to come. We recognise that we can achieve a healthier Ireland only by reducing health inequalities and fostering a culture where health and wellbeing is prioritised by all, for all.

We agree to:
- Champion and advocate for the Healthy Ireland vision and goals
- Champion the Network Values
- Identify opportunities to create and strengthen partnerships
- Promote Healthy Ireland to internal, external and international stakeholders
- Contribute to actively bringing Healthy Ireland to life for all sectors of society by getting involved in Healthy Ireland initiatives
- We pledge to bring this Charter to life, to create a future where health and wellbeing is prioritised by all, and is driven by and a driver of our nation’s progress socially, culturally and economically.
