

Airmedica Sanitiser

Product Expiry & Efficacy

Dear customer,

Since its launch in the early months of 2020, our Airmedica Sanitiser has been submitted to numerous tests to ensure that the quality of our product would always be of the highest standard.

Shelf-life testing has been in our schedule since the very early days of product development, and now we are in the position to confirm that Airmedica Sanitiser is still effective after 12 months and is deemed to comply with the tests in the table below, for up to 3 years from the date of manufacture.

| Airmedica Hand Sanitiser Efficacy Testing Compliance | | |
