# PRESSURE ULCERS TO ZERO COLLABORATIVE: PHASE 4 - KNOWLEDGE AND SKILLS SELF-ASSESSMENT

### LEARNING SESSION ONE

This self-assessment is designed to help us and to help you to measure how and to what level the Pressure Ulcer to Zero Collaborative has improved participants' knowledge and understanding of pressure ulcer prevention and quality improvement. We will ask you to complete this assessment at each learning session. To match your survey from the first learning session to the final learning session and to maintain your anonymity, please complete the details below. These questions will be repeated on each survey:

•	What is the second letter of your mother's maiden name?	
•	What is the fifth digit of your primary mobile phone number?	
•	What is the last letter of the name of the town in which you were born?	
•	What is the number of your siblings?	
•	What is the second letter of the month in which you were born?	
	What is your current position?	

Each concept/method/tool is written as a standalone statement. To score yourself put the highlighted verb from each assessment scale before the statement until the statements reads where you feel you are at this point in time. There are no right or wrong answers.

Example:	
STATEMENT: Care to be considered for each component of SSKIN bundle	Assessment
	score
I have no experience of/ or understanding of the care to be considered for each component of SSKIN bundle	0
I can identify/define the care to be considered for each component of SSKIN bundle	1
I can explain or illustrate the care to be considered for each component of SSKIN bundle	2
I can apply or consider the care to be considered for each component of SSKIN bundle	3
I can analyse and interpret the care to be considered for each component of SSKIN bundle	4
I can evaluate or appraise the care to be considered for each component of SSKIN bundle	5

### **Instructions:**

Building a Better Health

Service

Seirbhís Sláinte Níos Fearr á Forbairt

Please complete a self-assessment of your knowledge and skills relative to each concept/method/tool listed in the tool at this point in time. Please enter the score that best reflects the stage you are at. Place only one number in each cell from the 0-5 scale provided below.

No experience	Knowledge	Comprehension	Application/Skill	Analysis	Evaluate
0	1	2	3	4	5
