Q-EXCHANGE VOTE!

Congratulations to Roisin Egenton, Maureen Flynn and Caroline Lennon-Nally for their project getting shortlisted for Q-Exchange!

Have you voted?

- The deadline to vote is **12pm May 31st!**
- We invite you to take a look at this project and make your vote count!
- Vote **HERE**

Mobile App to support Improvements in Pressure Ulcers & Falls Prevention

- Learn more **HERE**

What does the project aim to achieve?

- The project's aim is to design, develop and deliver a low-complexity, accessible, engaging and easily navigable mobile app to support healthcare professionals undertaking Pressure Ulcers and/or Falls Prevention improvement projects in clinical settings (both hospital and community) across Ireland.
- This project has the potential to not only directly improve the safety of patients and service users in our care, but also to increase the capacity and capability of healthcare providers and contribute to the growing pool of knowledge on the use of digital technology & apps in healthcare in the UK and Ireland.

NEXT TIME!

- Join us: **Wednesday June 15th**
- New time: **4-5pm!**
- Co-host: *Rachel MacDonnell*

INVITE A BUDDY

We encourage you to invite colleagues who may be interested in quality and patient safety improvements (QPS) (even if they are not Q members). We would love to meet with others working in QPS who may be interested in joining Q!
