## Building a Learning Health System

21<sup>st</sup> February 2023 | 1pm to 2pm

### Guest speaker

### Tom Foley

Consultant Child & Adolescent Psychiatrist

Tom is a Consultant Child and Adolescent Psychiatrist in the HSE. He is also the Principal Investigator on the Health Foundation funded, Learning Healthcare Project at Newcastle University. Until 2020, he was Senior Clinical Lead for data at NHS Digital, where he had clinical responsibility for the English national data collections.

Before moving home, Tom worked with NHS England, NHSX, Health Education England, the Care Quality Commission and the General Medical Council. He contributed to many of the recent English Health IT strategies and has conducted policy reviews for various organisations.

Prior to training in Medicine, Tom was a Management Consultant with PwC in Belfast. He is passionate about the sociotechnical challenges to realising the potential of Learning Health Systems.

### Co-hosts

**Dr. John Fitzsimons**, Clinical Director with the National Quality and Patient Safety Directorate and Consultant Paediatrician at Children's Health Ireland at Temple Street.

**Juanita Guidera**, Quality Improvement Facilitator with the National Quality and Patient Safety Directorate.

### What will I learn?

- What is a Learning Health System?
- Why might you want one?
- Why does complexity matter?
- What building blocks will you need?

## National Quality and Patient Safety Directorate

The National QPS Directorate provides a regular lunch time, one hour webinar series, focusing on quality safety and improvement. Running approximately every two weeks (in term time), it is open to all those interested in improving quality. Join individually or together as a group to assist in building your own local QPS networks.
