* To ask the Minister for Health the number of residential beds for in-patient drug rehabilitation available here through the public health service.

Dear Deputy O'Brien,

The Health Service Executive has been requested to reply directly to your above Parliamentary Question which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position:

The most recent figures available on Tier 4 drug and alcohol residential services estimate current provision at 787 residential beds, comprising 23 inpatient unit detoxification beds, 117 community-based residential detoxification beds, 4 adolescent residential detoxification beds, 625 residential rehabilitation beds (which includes some private provision) and 18 adolescent residential rehabilitation beds.

I trust this information is of assistance to you but should you have any further queries please contact me.

Yours sincerely,

Joseph Doyle
