Dáil Eireann

Dublin 2.

**PQ 53845/17**

\* To ask the Minister for Health if a HSE plan has been developed to provide supports and appropriate health services for victims of human trafficking.

Dear Deputy Kelleher,

Parliamentary Question which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position:

A strategic review is due to commence in Quarter 2018 in respect of service needs and posts required in both the Women's health Service and the Anti-human trafficking team. The purpose of the review will be to look at the structure, staffing and mode of delivery for each service in order to ensure that these are best able to meet current and future demands. The outcomes of this review will inform further efforts around provision of supports and appropriate health services to victims of human trafficking.

I trust this information is of assistance to you but should you have any further queries please contact me.

Yours sincerely
