

Adult abuse is never acceptable!

- You should always feel safe in your home
- You should always be supported by caring staff
- You should always feel safe to talk about your concerns

If you feel mistreated speak to trusted staff, the person in charge, your family, or a good friend, and your concerns will be taken seriously.

The person in charge will carry out a review and take steps to support you to be safe.

The HSE Adult Safeguarding Social Workers are also available to you.
