

HSE West
National Immunisation Study Day
incorporating ½ day Update
option
Friday 2nd October 2015

AIM:

The programme aims to support and promote a national standard approach to immunisation by enabling health professionals to confidently, competently and effectively promote and administer vaccinations.

Target Audience include:

Practice Nurses & GP's, Public Health Nurses & Area Medical Officers & Staff from Paediatric and Maternity service may also wish to attend.

VENUES:

The programme will be **hosted** in the Centre of Nursing & Midwifery Education (CNME), St. Mary's Campus, Westport Road, Castlebar, Co. Mayo

With **video link** option to Classroom 1, CNME, University Hospital Galway.

To secure a place please contact the site where you wish to attend. It is important that you indicate if you will be attending the full day or the ½ day option.

Full Day Option (9am – 5pm)

It is recommended for health care professionals involved with or with responsibility for immunisation to attend a complete immunisation study day at least once. Thereafter, two yearly ½ day updates is the recommendation.

Half Day Update Option (1.45pm -5pm)

This session is recommended for those who have previously completed the full day immunisation training programme and wish to update. To maintain consistent standards for immunisation delivery, accessing an immunisation update session at two yearly intervals is recommended.
