

HSE COVID-19 Vaccination Checklist
single dose of COVID-19 Vaccine Janssen®

Name: PPSN:

Checklist to support you answering COVID-19 eligibility questions

See patient information leaflet for further information

These will be Yes/No answers

1. Have you ever had a serious allergic reaction (anaphylaxis) that needed medical treatment:
 I) after having the AstraZeneca (Vaxzevria®) or Janssen® (Johnson & Johnson) COVID-19 vaccine
 OR
 II) to any of the vaccine ingredients, including polysorbate 80?
 If **yes**, you **cannot** get this vaccine. You may need to get a different type of vaccine in a specialist centre. Talk to your GP.
 IF NO GO TO NEXT QUESTION

YES	NO
<input type="checkbox"/>	<input type="checkbox"/>

2. Have you ever had a serious allergic reaction (anaphylaxis):
 I) from a vaccine, injection of antibody preparation or a medicine likely to contain polysorbate 80 OR
 II) for unexplained reasons. This may mean you are allergic to polysorbate 80?
 If **yes**, you **cannot** get this vaccine. Talk to your GP or doctor to check if you are suitable for another type of COVID-19 vaccine. You may need specialist advice.
 IF NO GO TO NEXT QUESTION

YES	NO
<input type="checkbox"/>	<input type="checkbox"/>

3. Have you ever had
 I) Mastocytosis (rare condition caused by an excess number of mast cells gathering in the body's tissues) OR
 II) idiopathic anaphylaxis. This is a serious allergic reaction (anaphylaxis) with no known cause OR
 III) a serious allergic reaction (anaphylaxis) due to food, medication or venom from an insect or animal?
 If **yes**, you **can** still get the vaccine, BUT, you should be observed for 30 minutes after you are vaccinated. GO TO NEXT QUESTION
 IF NO, GO TO NEXT QUESTION.

YES	NO
<input type="checkbox"/>	<input type="checkbox"/>

4. Have you ever been diagnosed with capillary leak syndrome?
 If **yes**, you **cannot** get this vaccine if you've been diagnosed with capillary leak syndrome. Talk to you GP or doctor about getting a different COVID-19 vaccine.
 IF NO, GO TO NEXT QUESTION.

YES	NO
<input type="checkbox"/>	<input type="checkbox"/>

5. If receiving your first dose of COVID-19 vaccine have you tested positive for COVID-19 within the last 4 weeks?
 If **yes**, you should delay getting a vaccine until you have recovered from COVID-19 and it has been at least 4 weeks since you tested positive or developed symptoms, or 4 weeks from your first positive PCR test if you did not have symptoms or 4 weeks from positive antigen test with symptoms.

YES	NO
<input type="checkbox"/>	<input type="checkbox"/>

HSE COVID-19 Vaccination Checklist
single dose of COVID-19 Vaccine Janssen®

Name: PPSN:

Checklist to support you answering COVID-19 consent questions

6. **Do you have a bleeding disorder or are you on anticoagulation therapy?** YES NO
 If **yes**, you **can** still get a vaccine if you have a bleeding disorder or take anticoagulation medicines. But tell your vaccinator about your condition.

7. **Do you have a history of thrombocytopenic disorder (e.g. immune thrombocytopenia)** YES NO
 If yes, go to 7b

7b. **Have you spoken to you doctor about the risks and benefits of this vaccine for you (as the risk of developing low platelet levels should be considered before vaccination)?** YES NO
 Please note people with a history of Immune thrombocytopenia who receive this vaccine should have their platelets monitored after vaccination.
 If no, please discuss this with your doctor before getting vaccinated. You cannot be vaccinated today.

8. **Have you had anaphylaxis to an mRNA vaccine or is there another reason why you have been advised by a medical practitioner that you should not receive mRNA vaccines?** YES NO
 If yes, you can get the Janssen® (Johnson & Johnson) COVID-19 vaccine.
 If no, you cannot get this vaccine. You need a new appointment for a different vaccine called an mRNA vaccine. The mRNA vaccines offered in Ireland are the Moderna (Spikevax®) or Pfizer/BioNTech (Comirnaty®) COVID-19 vaccines.

9. **Are you pregnant?** YES NO
 If yes, you will be required to answer further questions to determine eligibility.

9b. **Have you had anaphylaxis to an mRNA vaccine or is there another reason why you have been advised by a medical practitioner that you should not receive mRNA vaccines?** YES NO
 If yes, you can get the vaccine.
 If no, you cannot get a Janssen vaccine at this time. You need a new appointment for a different vaccine called an mRNA vaccine. The mRNA vaccines offered in Ireland are the Moderna and Pfizer vaccines.

One of these options is appropriate when establishing consent (please tick as appropriate)

1. The individual has consented to the vaccination for COVID-19 and has been provided with written information,

OR

2. The individual does not agree with COVID-19 vaccination and should not be vaccinated, **OR**

3. The individual cannot consent and they are being vaccinated for COVID-19 according to their benefit and will and preference, **AND**

The above is recorded in their healthcare record and includes information about any consultation that has taken place to help determine their will and preference.
