Consent

Referrals without signed consent of parent(s) / guardian(s) will not be accepted.

It is required by law that at least one of the child's legal guardians consents to the referral and signs this form. It is advisable that both parents/legal guardians are aware of this referral.

Definition of a Legal Guardian

All mothers, whether they are married or unmarried, have automatic guardianship status in relation to their children, unless they give the child up for adoption. A father who is married to the mother of his child also has automatic guardianship rights in relation to that child. This applies even if the couple married after the birth of the child.

A father who is not married to the mother of his child does not have automatic guardianship rights in relation to that child. If the mother agrees for him to be legally appointed guardian, they must sign a joint statutory declaration. However an unmarried father is automatically a guardian if he has lived with the child's mother for 12 consecutive months after 18/1/2016, including at least 3 months with the mother and child following the child's birth.

Children in Care

For children in voluntary care or on an interim order, the parents must sign the consent. For children on a care order the consent is signed by a Tusla Child and Family Agency social worker.
