SCHOOL LEAVER PROCESS

Stage 1. Referral goes to Occupational Guidance Officer

The HSE Occupational Guidance Service helps people with a disability to find the training option or support service that best suits their needs. Schools or parents can contact this service though the local HSE disability service. An adviser will meet the school leaver and their family/advocate and may work closely with the school.

A referral can be made by the individual, a family member/guardian, multi-disciplinary team member or a school staff member.

Stage 2. Occupational Guidance Officer meets with School Leaver, Parents/Guardians/Relevant School Staff to explain the School Leaver Process

Options will be explored. Ideally this should commence 1-2 years prior to leaving school.

Options may be:
- HSE Training (RT) programme or
- HSE adult day service or
- Mainstream education or training services

Stage 3. Profiling for School Leaver Funding is Planned

Profiling has been developed to determine the supports that an individual will need in order to avail of a HSE funded Day Service or Training (RT) place in 2020. Profiling takes place at a meeting with the school leaver, family member/guardian, school staff and other relevant personnel, usually in the first term of the final year in secondary school.

Stage 4. Sampling of Day Services

School leavers can visit and sample Day Service options or Training (RT) programmes and can meet Service Provider staff to discuss support needs. Application to service takes place. Exchange of information takes place
and transition planning is initiated. This commences in the final year of secondary school, usually from the second term onward.

**Stage 5. Funding and Assignment of Service Provider**

In early summer of the school-leaving year, following profiling analysis outcomes, the HSE will allocate funding to the Service Providers. Services will offer a Day Service or Training (RT) programme place to the individual and will commence the development of an individual person-centred plan.

**Stage 6. Day Service commences.**

The following September the Day Service or Training (RT) programme commences.
Who we are?
Occupational Guidance Service, Community Healthcare West, Galway

Who do we support?
People with disabilities

How do we support?
The role of the Occupational Guidance Service is to provide advice, support, information and direction in order to enable people with disabilities and their advocates make informed decisions regarding service requirements, training or education options and employment.

For school leavers, the occupational guidance officer:

- a. meets the person and their family/advocate as appropriate
- b. works closely with the school
- c. assists in identifying and clarifying personal goals and individual needs
- d. explores the training and development options most suited to their needs
- e. supports the individual in accessing their selected training, education or service options

Who are we?
Ability West

Who do we support?
Ability West supports children and adults with intellectual disability, autism and comorbidities across Galway City and County.

How do we support?
Underpinned by a person centred planning approach, Ability West empowers people with disabilities to live self-directed lives in an equal and inclusive society. Each person is supported and valued within the environment which promotes their overall autonomy, health and well-being and enables them to reach their potential.

Ability West is dedicated to enabling people we support to realise their goals and ambitions.

We will deliver on this vision by:
- **Placing** the fundamental rights of the people we support at the centre of our activities and promoting those rights
- **Empowering** each person we support to live self-directed lives and to play a meaningful role in all aspects of community life
- **Listening** and then developing a variety of options that can be used flexibly to meet their identified needs
- **Developing** the skills and dedication of our staff in a supportive and motivating environment
- **Working** in active partnership with the people we support, families, staff, or voluntary supporters and the broader community
- **Campaigning** at local, regional and national level to resource and realise a vision to achieve these aims

Our core values at Ability West include:
- Independence
- Partnership
- Openness
- Integrity
- Accountability and transparency
- Participation in community life
- Person-centredness
- Rights based approach

Ability West provides services and supports to over 590 children and adults with intellectual disability, autism and comorbidities across 13 geographical areas in Galway City and County. Since our establishment in 1962 we have been to the forefront in developing community-based services for people with intellectual disability, autism and comorbidities.

Some of the services we provide to school leavers include:

- **Rehabilitative training**: providing opportunities to develop independent living skills through QQI accredited modules, work experience and community involvement
- **Adult day services and community-based service locations**: providing supports to adults ensuring the core values of the HSE Interim Standards for New Directions of service provision
- **Outreach programmes**
- **Short breaks**, including centre-based respite, home-sharing and community supports (application for Respite in Adult Services is made by parents/guardian and allocation of Respite is prioritised according to need)
- **Self-directed supported living**
- **Multi-disciplinary supports** (service users are referred to the relevant discipline and are prioritised according to need)
- **Volunteers**

Services and supports are provided on a needs basis and prioritisation system, as identified through the admission process.

Who are we?
New Directions Services – Community-Based Service Locations

Who do we support?
Ability West operates a number of community based service locations, which provide an individualised service to young people transitioning into adult services. Services are located in: Galway City, Headford, Moycullen, Tuam and Mountbellew.

How do we support?
The New Directions Service locations provide a base through which our young people can plan their future with the support of their key workers. This may include accessing further education, employment and social opportunities within their local community, and is based on the core values of New Directions, which are community inclusion, active citizenship, person-centredness and quality services. It is a flexible service through which each person is supported in their individual choices, needs and abilities to achieve their goals in collaboration with the New Directions 12 supports. Through this young people are supported in increasing their independence by developing their life skills and their connections with their local community.

Who are we?
The Brothers of Charity Services Ireland – Galway Services

Who do we support?
The Brothers of Charity Services Ireland – Galway Services provide a wide range of services to people with intellectual disability and their families in Galway City and County.

How do we support?
We support people to be valued citizens in their local community, to have ordinary life experiences and to be closely connected to family and friends. We are committed to supporting people to make choices about their lives and to the provision of quality services that meet people’s needs. Our services range from early intervention for young children through to school age services and a variety of programmes for adults, devised according to the level of support that individuals require and priorities that they identify. Services include educational, day, residential, respite, family support, a range of multidisciplinary support services and supports to individuals who live independently. We aim to support people to lead self-directed lives (SSDL) and to embed the values of social role valorisation (SRV). The core values and principles of New Directions are grounded in our day services.

We provide a range of day services throughout the County in various locations including Galway City, Costello, Carraroe, Spiddal, Athenry, Balinasloe, Clarenbridge, Claregalway, Kinvara, Gort, Loughrea and Oranmore.

Who are we?
Clarenmore Services

Who do we support?
Adults with intellectual disability

How do we support?
Clarenmore services provide residential, day and supported independent living services. The day/resource centres, Clarenmore and Glenina, are located in Galway city. The aim of each service is to offer a varied and stimulating day programme where choice is central for all who attend. We aim to promote a positive learning environment where each individual feels secure and happy in a modern, person-centred day service. Activities are planned on an individual basis, with the emphasis on new challenges and opportunities. We promote independence and freedom of choice to enhance each individual’s quality of life. Individuals in the day centres are invited to partake in a variety of programmes supported by teachers, instructors, supervisors, and care staff.

Who are we?
Horizon Services

Who do we support?
We support adults with mild intellectual disability.

How do we support?
Horizon Services aims to promote greater independent living for adults with a mild intellectual disability who are able to live independently, with support, either within the community or with their families. A range of community based, multi-disciplinary supports including psychology, social work, community workers and psychiatric clinic day appointments are provided on a needs led basis. We provide numerous training / group work e.g. Healthy Lifestyle, RSE, Safety in the Community.

Horizon Services operates three models of service:

Horizon Services programme.
Horizon Services fosters independent lifestyles for adults by providing a range of multi-disciplinary support services on a needs basis and are accessed through referrals within the team. Individuals are supported to live a safe and full life within their own community, to enhance their quality of life and well-being by developing personal goals and to make decisions in their daily lives regarding work, training, relationships, accommodation, personal development, health and general welfare.
**Individualised Support Service.**

Customised funding supports the development of a programme under New Directions that is distinctly tailored to address individual needs. These needs are often more complex and require higher support with training from GRETB or NLN, than those availing of the main Horizon programme.

**The Docks (Galway City Centre).**

This is a frontline service supporting adults with a mild intellectual disability and other needs in the community. It is a place to do direct skills work around safety, life skills and education to ensure people are supported to develop their problem solving skills, confidence and basic skills in the community. Initially it is linked with those who have higher community needs and who may at times be homeless or experiencing difficulties within their life, i.e. addictions, family and relationship difficulties.

A number of programmes have been developed as a direct response to needs that have been identified. These are the Lets Get to Work Programme, Galway Adults Arts Programme, New Directions, and NASC South Connemara Community Support Programme.

Community residential services or respite are not provided by Horizon Services.

Who are we?
NASC

Who do we support?
We support adults with intellectual disability and their families.

How do we support?
NASC is being established as a community based outreach programme to support young adults within the South Connemara area. The adults will be supported to access opportunities for education, volunteering, work experience and work opportunities. NASC aims to be an ongoing support programme which will raise the awareness of the needs of the adults and build partnerships within the community to meet these needs.

This individual support programme establishes and maintains single point of contact and provides relevant information to adults and their families.

Who are we?
SUAS Services

Who do we support?
We support adults with intellectual disability living in the community in East Galway.

How do we support?
SUAS Services is an outreach service with a multi-disciplinary team based in the Ballinasloe town centre. SUAS aims to promote well-being and enhance opportunities. SUAS prioritises people’s independence, choices, access to community services and safety using a person-centred approach. The service supports people to be recognised as valued members of their community, feel equal and be treated fairly. We provide access to community link workers, psychologists, social workers and psychiatrists based on a person’s individual needs and goals.

Who are we?
Athrú Day Service

Who do we support?
Adults with Intellectual disability including people on the Autism Spectrum and their families.

How do we support?
Athrú is a new day service based in Kilcornan in Clarinbridge. We have been established since 2017 and we support people with a severe Intellectual disability and Autism.

As autism is a lifelong condition, its impact is likely to change throughout the person’s lifetime. While they often share common characteristics, every person with autism is unique. Each has particular strengths and individual requirements for support to enhance their wellbeing, improve life skills and boost self-esteem. The key to providing this support lies in taking the time to get to know them, understanding their challenges and how they impact on learning and behaviour. In Athrú, we focus on the individual's personal and developmental needs.

Within our service we build a positive and encouraging environment, nurture camaraderie and team spirit and promote learning and development.

Educational needs are supported by teachers from GRETB in classes such as Photography, Art, Music, Massage, Literacy and numeracy.
Our service also provides a wide range of multi-disciplinary support services including Social work, Psychology, Psychiatry, Physiotherapy, Occupational therapy and Speech and Language.

We also partake in local community events, most recently the Clarinbridge Oskar’s, this was a fundraising event to raise money for our local GAA club.

Who are we?
CARO (Choice and Real Outcomes) Day Service

Who do we support?
Adults with intellectual disabilities

How do we support?
With a focus on New Directions Standards and Using Personal Outcome Measures, individuals are supported to be involved in community life through meaningful activities and to achieve their own personal goals.

Daily programmes are individualised to promote freedom of choice and enhance the quality of life of the individuals we support. There is a strong focus on involvement in community life. These activities include:
Volunteering (Meals on Wheels, GSPCA); Fitness (Aqua aerobics, swimming, gym, golf, walks); Personal Expression and Creativity through art, baking, cooking, sensory and relaxation time, work experience, and a variety of other activities, all chosen by the people we support. We have advocacy meetings weekly and plan day trips and other activities that aren’t on our timetable.

We endeavour to provide a positive learning and social setting where individuals can engage in a varied, stimulating environment with peers and support staff.

We work as part of a multidisciplinary team including Psychiatry, Speech and Language, Psychology, Occupational Therapy and Social Work. Referrals are made as appropriate and recommendations implemented through programmes and daily supports.
We use a variety of communication techniques with the people we support; Lámh sign language, visual aids, communication devices and verbal language.

Who do we support?
Learners on QQI Level 5 & 6 courses

How do we support?
In Galway Community College (GCC), there are a broad range of level 5 & 6 courses on offer in six specialist Departments: Social Care, Business Secretarial and Multimedia, Science, Design & Technology, Music Theatre & Film, Sport & Equine and Horticulture.

While studying in GCC you can expect a friendly inclusive environment, and we have a strong reputation for excellent tutoring with fantastic progression opportunities. We have an ideal location close to the city with career guidance, modern facilities, a café and free parking.

On completion of a PLC course a maximum of 400 points can be achieved for your progression to third level education. Successful completion and certification of a QQI level 5 course allows you to apply through the CAO system for any course up to 400 points. Close ties with industry in Galway City and County and a focus on third level education are key factors in what has made the PLC College at GCC a centre of excellence.

Applications are taken online and we will have an Open Day in March 2020 - a date to be determined, usually early March. Please check PLC section on our website for details.

Who are we?

Galway Technical Institute (GTI)

How do we support?

We provide QQI Level 5 & 6 courses to over 1,100 learners annually. At GTI, courses are designed to be of immediate and practical use in the workplace or as a stepping stone to further study and higher qualifications. We offer careers and progression information, a counselling service and project support. We also have a Disability Officer to provide information regarding additional resources. Everything our students learn will be valuable to them throughout their lives.

We offer over 50 different courses across a range of Departments which include: Applied Health & Social Sciences, Art & Design, Business, Fashion, Hairdressing & Beauty, Computing & Engineering, Media, Sport & Recreation, Technology – Design & Engineering, and General Studies.

Our Applied Learning approach is designed to enable students to learn more effectively in real-life situations. Applied Learning provides our students with learning experiences that involve solving problems based on real-life situations. GTI’s underlying philosophy is about learning together. This is centred on learner activity, collaborative learning and critically, learning to learn.

Facilities at GTI include recording studios, creative digital media laboratories, hairdressing and beauty salons, furniture design workshops, fashion studios plus a wide range of specialist IT facilities.

Our European Links provide work placements abroad for over 100 GTI students annually. Students currently travel to France, Portugal, Spain, Finland, Italy, Turkey, Scotland and the Canary Islands. These placements
are fully funded and afford students the opportunity to gain valuable work related training in institutions and enterprises throughout Europe.

Graduates of GTI are certified and accredited by nationally and internationally recognised examining and professional bodies. These include: QQI, DES, ITEC, CIBTAC, CIDESCO, City and Guilds, FAI Ireland and Toon Boom. Students with disabilities can be supported through supports available through the HEA and GTI staff.

Who are we?
Galway Centre for Independent Living

Who do we support?
Galway Centre for Independent Living provides supports to people with disabilities in Galway City and County.

How do we support?
Galway Centre for Independent Living (GCIL) is a not-for-profit organisation. For over 24 years, we have been successfully providing professional services which facilitate a person’s choice to continue living independently in their own home and to participate in society.

Services provided include:

Personal Care Assistants for people with disabilities

- A Personal Assistant Service is the cornerstone in achieving independent living.
- A Personal Assistant assists the Service User in all aspects of daily living. This assistance is given at the direction and discretion of the person with disabilities, to ensure that they can engage in independent living and apply self-determination and control over their own life. The role of the Personal Assistant is personalised to the requirements of the individual and may include assisting with personal and domestic care needs, social, educational or work activities.
- Galway Centre for Independent Living is the employer of the Personal Assistant, but the Leader takes on the role of their day-to-day line manager. This means that the Leader (Client) will take on the direct supervision and on-the-job training of the Personal Assistant to ensure that their requirements are met.
Care for the Older Person & Home Care Services:

- Personal care such as assistance getting out of bed; assistance with dressing; assistance with toileting & personal hygiene
- Respite care
- Housekeeping
- Preparing meals
- Organising household matters
- Convalescence
- Medication prompting
- Errands

Services are flexible and Person Centred which puts the individual and/or family member, at the centre of the service ensuring your personal plan is based upon your views, wishes and choices. All our Home Care Staff are trained and fully vetted.

Education Support

Galway Centre for Independent Living provides an Educational Support Assistant Service to people with disabilities in Galway City and County. This assistance is given at the direction and discretion of the Service User (Leader), to ensure that they can engage in educational activities which further enhances independent living and facilitates the individual applying self-determination and control over their own life. The role of the Educational Support Assistant is personalised to the requirements of the individual Leader and may include:

- Attending lectures and assisting with note taking,
- Assisting with projects,
- Navigating around campus
- Personal care assistance e.g. lunches, hygiene
- Research assistance
Accessible Transport Service

Galway Centre for Independent Living provides a subsidised, accessible transport service for people with disabilities and people with mobility issues in Galway City and County. The Accessible Transport Service is available to people who have a disability or a mobility issue who sign up as Transport Club Members.

- Transport Club Membership is free
- Members enjoy door to door service
- €5 per journey within city limits. Rates for usage of the service outside city limits varies depending on the journey so please contact the office for details.
- Drivers are professional, friendly, GLUAIS trained and Garda vetted
- Service available Monday to Friday from 8:00am to 6.00pm. Services outside these hours can be provided after consultation with transport department.

Access Consultancy Service

Galway Centre for Independent Living provides this service exclusively for making business premises accessible to the disabled community and to ensure premises are in accordance with legislation i.e. Building Regulation, Equal Status Act, etc. Galway Centre for Independent Living can also provide advice on proposed, planned and existing buildings/extensions.

Who are we?
Independent Living Ireland Ltd.

Who do we support?
People of all ages with physical and intellectual disabilities/ the elderly/ dementia sufferers.

How do we support?
We provide assistive technology and telecare services to enable people to live more independently. Modern technologies can improve mobility, health and well-being and provide safety and security in and around the home. Mobile systems encourage activity outside the home and also improve links to the wider community. We assess the property to ascertain what equipment or supports are needed along with the family/individual. Once the assessment is complete a plan is drawn up and assistive technology installed that will alert family/carers in the case of an emergency.
Alongside our technology supports, our Amicitia social hub provides a space for participatory initiatives to take place. This hub includes a community garden, markets, a plastics recycling centre and our new pottery workshop opened in partnership with the Vision Arch Club. Contact us to get involved in projects from the hub.

Who are we?
Galway Rural Development was established in July 1994. It is a limited company and its directors represent statutory agencies, social partners, business, farming, community and voluntary sectors. Our staff are based in Athenry and several other locations throughout the county.

Who do we support?
Galway Rural Development supports groups and individuals who experience social exclusion, marginalisation and discrimination by providing the opportunity for training, education and employment.

How do we support?
Galway Rural Development offers a number of programmes including:

Social Inclusion and Community Activation Programme (SICAP)
SICAP is a social inclusion programme, which currently runs from 2018 – 2022. SICAP addresses high and persistent levels of deprivation through locally-led targeted and innovative approaches. It targets and supports those who are disadvantaged in Irish society and less likely to use mainstream services and assists both individuals and groups. It runs labour market training for Safe Pass, HACCP, First Aid and Manual Handling as well as community education including IT. It also has a Youth Employment Officer whose remit is to work with 15 – 24 year old young people.

LEADER
LEADER is an EU Rural Development Programme designed to support activities and improve quality of life in rural areas. The current programme runs from 2014-2020, and provides capital funding supports to community
groups and innovative small businesses. Funds have been used by groups to improve access to community buildings.

**Rural Social Scheme**

The Rural Social Scheme (RSS) is aimed at low-income farmers and fishermen/women. To qualify for the RSS, you must be getting a social welfare payment. Participants under the scheme work 19.5 hours per week and receive a top up on their payments. In return, people participating in the RSS provide services that benefit rural communities. If permission is given by the herd owner, then partners, sons and daughters who are also in receipt of any of the above payments may also qualify. Please note that the herd number may only be used once.

**Tús**

Tús is an activation initiative for those who are unemployed and aims to provide short-term quality working opportunities for a year, while at the same time carrying out beneficial work within the community. The Department of Social Protection will identify and contact persons on the Live Register who satisfy the criteria and offer them the opportunity to be considered for placement. GRD maintains a panel from which people will be matched and recruited as placement opportunities arise.

**Community Employment Scheme**

The CE Scheme is designed to help people who are in receipt of a social welfare payment for one year or more to re-enter the active workforce. One of the main features of the CE Scheme is that it offers participants the opportunity to engage in accredited training, while at the same time partaking in useful work for Community Groups.
