Community Healthcare West Divisions

Social Care

The Social Care Division provide services to People with Disabilities, Older Persons and includes the Safeguarding of Vulnerable Persons Social Work Team.

Older Persons' Services

(Siobhan O'Sullivan - CHO Lead)

Aim:

- To continue to support older people to live in their own homes and communities for as long as possible.
- We also aim to maximise the potential of older people, their families and local communities and to maintain people in their own homes and communities, within available resources while delivering high quality residential care when required.

We will work toward our aim by:

Implementation of the following strategies:

- National Positive Aging Strategy
- The Irish National Dementia Strategy
- National Carers Strategy
- Task Force for loneliness

Services are provided both directly and via partnership with voluntary providers in support areas such as:

- Day Support services
- Meals on Wheels
- Home Help e.g delivery of 1.8 million hours of Home
 Support to an average of over 6000 people, at any one time
- Support for Carers introduction of Carers Needs Assessment Tool.
- In-house respite/Carers breaks
- Supporting people with dementia and their carers.

What we fund....

In assessing the merits of a funding application Older Persons' Services, in addition to general criteria established, will also assess and seek for those applications that provide and/or promote:

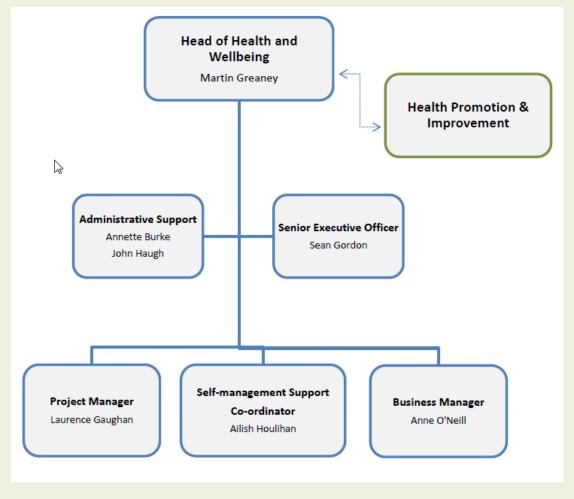

- a) DAY SUPPORT
- b) MEALS ON WHEELS
- c) TRANSPORT
- d) OTHER:
 - Links with PHN/GP/Therapies etc.
 - Assistance with Showering/Bathing
 - Assistance with Laundry
 - Assistance with Fuel management

Primary Care

(Padraic Carolan – CHO Lead)

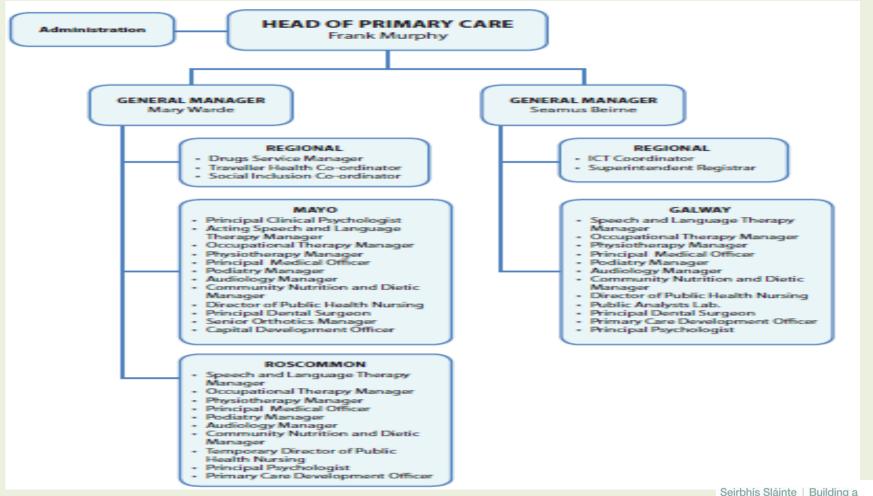

What is Primary Care?

- 1. Primary Care is the day to day healthcare given by a healthcare provider.
- 2. Typically this provider acts as the <u>first contact</u> and principal point of continuing care for patients/service users within a healthcare system.
- 3. Our services are generally delivered by GP's, Public Health Nurses and other allied health professionals e.g. OT, SLT, Physio.
- 4. The development of Primary Care services and new Primary Care facilities, in order to support service delivery, are a key objective of the Sláintecare Report and the preceding Community Healthcare Report.
- 5. Current strategies are focused on ensuring services are provided to the highest quality, in a safe environment, as close to the service user as possible, while ensuring value for money.

Our structure...

Services delivered include:

- **Psychology** Speech and Language Therapy **Occupational Therapy** Physiotherapy **Area Medical Officers** Podiatry Ophthalmology Audiology **Community Nutrition** and Dietetics
- **Public Health Nursing** □ Dental Services Orthotics Social Inclusion **Drug Services** ☐ Child Health Development ☐ GP Services ☐ Civil Registration Services □ Traveller Health

Service priorities

- Implementation of the Community Healthcare West Primary Care Strategy 2019 – 2021
- Establish a Haemocromatosis Clinic to support the Homecare Community Intervention Team (CIT) in Galway in association with University Hospital Galway (UHG).
- Work with our colleagues in WestDoc to develop new initiatives around GP out-of-hours services.
- Establish X-Ray and Ultrasound services in Tuam, Co Galway.
- Establish a Chronic Disease programme in the region, the aim of which is to develop integrated care for patients managed by their general practitioners and the Acute Hospitals.
- Further develop the Community Network model with the introduction of a new pilot site in Community Healthcare West.
- Implement the Primary Care Review Group Report on Eye Services.
- Continue Primary Care Centre development in the region.

What we fund....

In assessing the merits of a funding application the Primary Care Division will seek the following:

- Evidence of service need in line with our Operational Plan and Primary Care Strategy.
- Project and services should relate to Community based activity.

Mental Health Services

(Aidan Sweeney – CHO Lead)

What is Mental Health?

- Mental health describes a spectrum that extends from positive mental health, through to severe and disabling mental illness.
- A strategic goal for mental health services is to promote the mental health of our population in collaboration with other services and agencies including reducing the loss of life by suicide.

Service Delivery

- In general terms, specialist mental health services are provided to serve a particular group within the population, based on their stage of life.
- Child and adolescent mental health services (CAMHs) serve young people aged up to 18 years.
- General adult services for those aged 18 to 64 years.
- Psychiatry of later life provides services for those aged 65 years and over.

Service Priorities

- Promote the mental health of the population in collaboration with other services and agencies including reducing the loss of life by suicide.
- Design integrated, evidence-based and recovery-focused mental health services.
- Deliver timely, clinically effective and standardised safe mental health services in adherence to statutory requirements.
- Ensure that the views of service users, family members and carers are central to the design and delivery of mental health services.
- Enable the provision of mental health services by highly trained and engaged staff and fit for purpose infrastructure.

Recovery Focused Services – The Recovery Framework

A National Framework for Recovery in Mental Health

A national framework for mental health service providers to support the delivery of a quality, person-centred service

- Provides guidance to MH services to support them in ensuring they deliver a quality, person centred and recovery focused service.
- Defines Recovery in the context of a recovery oriented service.
- Recognises that a quality, recovery orientated service engages all stakeholders; Service users, Family/carers, Service providers and voluntary & community sector.
- Describes 4 core principles that underpin a recovery oriented service.
- It comprises 16 actions and 24 measures to support the implementation of the framework.

What we fund....

In assessing the merits of a funding application the mental Health Service will seek the following.

- Evidence of service need, which can be corroborated by existing HSE Mental Health Staff working in the community.
- Evidence that the proposed service is recovery focused and in line with the National Framework for Recovery in Mental Health.

Social Care

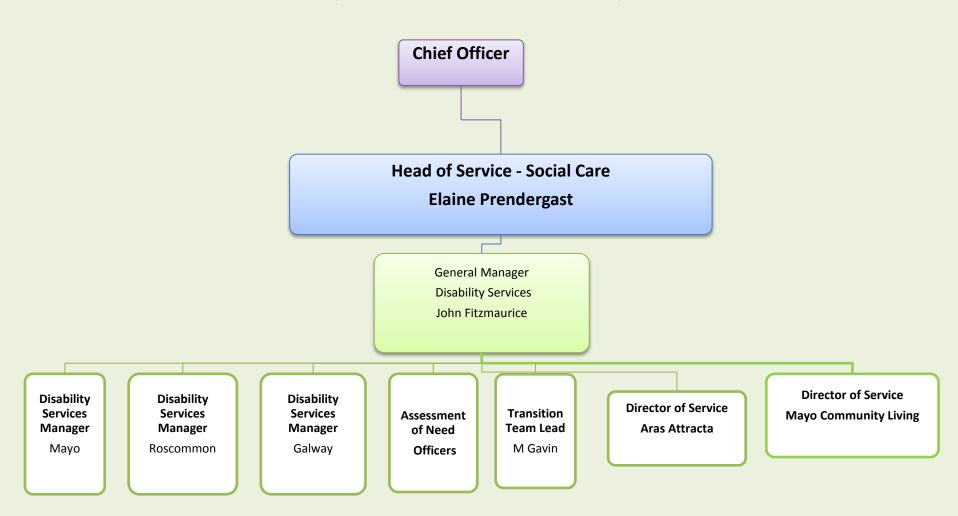

The Social Care Division provide services to People with Disabilities, Older Persons and includes the Safeguarding of Vulnerable Persons Social Work Team.

Organisational & Governance Structure 2019

(Suzanne Keenan - CHO Lead)

Our population

- The 2016 Census identified 13.2% 59,810 people in the Community Healthcare West were noted as having at least 1 disability.
- Demand for support always surpasses available resources and there are waiting lists across many areas of disability services.
- 3277 people in the region are registered on the National Intellectual Disability Database (NIDD).
- The National average prevalence for Intellectual Disability (ID) is 5.95 per 1,000. All three counties in the region have above average prevalence of ID. Mayo has the second highest prevalence nationally.
- 2260 people were registered on the National Physical and Sensory Disability Database (NPSDD).

What we do...

- The objective of Community Healthcare West is to enable people with disabilities, achieve their full potential, living ordinary lives in ordinary places, as independently as possible, while ensuring that the voice of service users and their families is heard and that they are fully involved in planning and improving services to meet their needs.
- This objective is supported by the *Transforming Lives* mainstreaming policy and the *National Disability Inclusion Strategy* 2017-2021
