**What is Early Intervention?**

Early Intervention aims to support children and their families in meeting their development needs and reaching their potential in the areas of:

- Communication
- Mobility
- Learning
- Sensory skills

Early Intervention services are available to children from birth to school age.

**Who provides it?**

Early Intervention Services Roscommon are provided by Primary Care and the Roscommon Early Intervention Services Team (REIS).

**Who can avail of Early Intervention Services?**

- Children who reside in Co. Roscommon
- Children from birth to school age

**What services are included?**

- Speech and Language Therapy
- Occupational Therapy
- Physiotherapy
- Psychology
- Early Intervention Nursing support
- Social Work support

Early Intervention Therapists liaise with other statutory and voluntary health professionals including service providers such as GP, PHN, Brothers of Charity, Hospitals, and Paediatricians etc.

**If I have concerns about my child who do I contact?**

If you have concerns you should discuss them initially with your Public Health Nurse or GP who will advise you and refer you to the appropriate services.

- If a child needs services from one or two disciplines then the referral should be directed to services in Primary Care. e.g. Speech and Language Therapy, Physiotherapy, Occupational Therapy, Psychology, Tel 090-6637500
- If a child needs a service from multiple disciplines then the referral should be directed to the Referral Forum Tel 090-6666100 who will determine whether your child should receive early intervention services from Primary Care or REIS. The Referral Forum may also make recommendations for onward referral to other services depending on the child’s needs as identified at the time, the child’s age and or home address etc., e.g. School Age Services, Child and Adolescent Mental Health Services etc.
- A request for your child for an Assessment of Need under the Disability Act 2005 can be made to your local Assessment Officer, Tel 090-6637821 for further details.
