<b>Q-Pulse Doc No:</b>	MEMO 219	<b>Date of Issue</b>	28/10/2022
<b>Vitamin D Testing</b>			

## MEMORANDUM

**Originating Department** Pathology Laboratory

**Issued By:** Brian O'Malley, Laboratory Manager,

**Issued To:** All Users

**Subject:** Vitamin D Testing

**Details:**

Dear Colleague,

As a result of the ever increasing workload and associated costs to the health service we would ask users to refrain from repeat testing especially for those tests that have extreme cost eg **Vitamin D**.

Unless there is a suspicion of severe deficiency annual Vitamin D analysis should be adequate.

Your cooperation with this matter would be greatly appreciated as it will enable us to improve efficiency in workload and cost.

Regards
