

Life In Hospital

In whatever situation you find yourself, you need support. The Chaplaincy Team can provide that support. We are available to patients of all religions, and none.

If you would like the company of one of our Chaplains or a book with some prayers to read, just ask one of the staff to call us for you.

We have Roman Catholic and Church of Ireland Chaplains on site. Others can be contacted by request. Confessions and consultations are also available.

The Mass/Prayer Service is relayed on TV around the hospital from the Oratory at 10am each morning, except Saturdays. Patients who are well enough are most welcome to join us in the Oratory for these services.

Communion is distributed around the wards on Sundays, Tuesdays & Fridays.
