

Respiratory Department

Our Location:

The Respiratory Department is located on the First Floor (Level B) of the Regional Hospital Mullingar.

Our Services:

The Respiratory Department provides a holistic service to both respiratory in-patients and outpatients. The services provided include, the assessment and treatment of various respiratory conditions such as asthma, COPD, pulmonary fibrosis, tuberculosis and lung cancer. Pulmonary Outreach provides a community based service supporting the early discharge of COPD patients from hospital. In addition the Outreach Service delivers Pulmonary Rehabilitation classes for respiratory patients in Mullingar, Longford, and Athlone venues. Respiratory patients commencing on home oxygen and non-invasive ventilation are supported on an inpatient and outpatient basis. In addition, we provide Respiratory Diagnostics and follow-up for Respiratory and Sleep Apnoea patients.
