Memorandum

To: All Departments
CC: Assistant Directors of Nursing
RE: Infection Prevention & Control updated MRSA Guideline

Dear Colleagues

Please find enclosed the revised guideline for the Management of Meticillin-Resistant Staphylococcus aureus (MRSA) which supersedes all previous named policies/guidelines. Please insert the above into section 5 of the Infection Control Manual.

The guideline receipt form below must be completed and returned to the Infection Prevention & Control secretary Ms Geraldine McInerney.

Each member of staff who reports to the relevant manager should sign the form included when the guideline is read and understood. This report should be filed at local level for your own records...

Yours sincerely

L. Boyle, CNM II  Lourda Flanagan, A/CNM11
Infection Prevention & Control  Infection Prevention & Control

Date: 10/09/09

I received the updated MRSA Guideline:

Date: ______________________________

Ward/Dept: ________________________

Signature: _________________________

Please return to: Ms Geraldine McInerney, Secretary to Infection Prevention & Control, Ground Floor, Nurses Home, M.W.R.H., Dooradoyle, Limerick. (This can be done by email or post)
