## National Conference

# *Family Centred Practice*

9.00am, December 6<sup>th</sup>, 2019

Mary Immaculate College, Limerick

This Conference will support competency development and knowledge sharing amongst Children's Disability Network Teams (CDNTs) and services currently planning reconfiguration into CDNTs.

Onsite tickets, confined to staff working in or transitioning to CDNTs and parents, have been allocated to the CHOs on a pro rata basis. Following positive feedback from the inaugural PDS conference in 2017, access via Webinar to all Plenary Sessions and two of the Breakout Workshops will also be available.

**Pre-registration for Webinar access is essential by Nov 29<sup>th</sup> latest** - Please email [denise.keoghan@hse.ie](mailto:denise.keoghan@hse.ie) to register. **As Webinar licenses are limited on the day, priority will be given to those hosting group viewings, in order to maximise access to the Conference and its overall impact.**
