

Andy's Art Club-Cherry Blossom tree

Name:

Date:

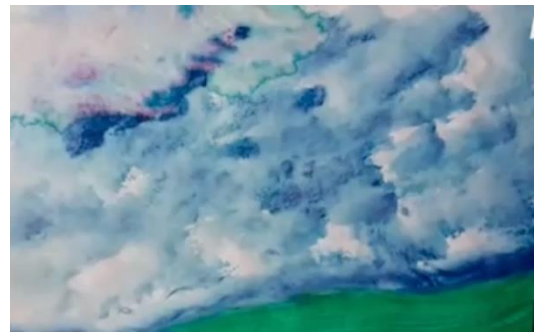

New Directions: Personal Expression and Creativity.

You will need:

Sponge, Brush, Red White and Brown Paint and landscape

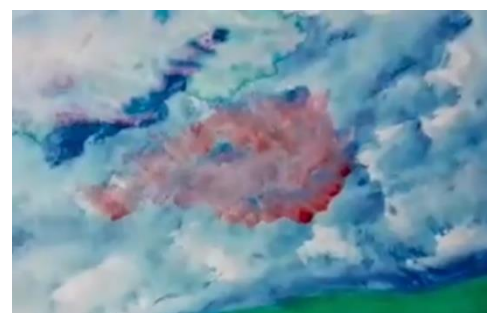

1. Start with a landscape.
Nice blue sky and a little green in the front.

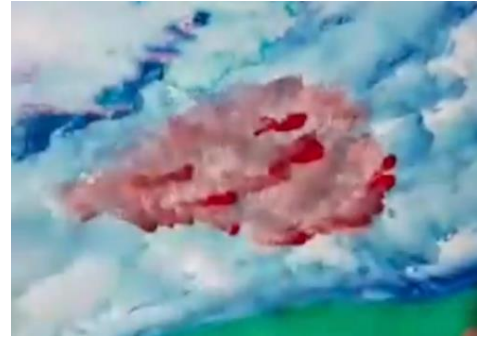

2. Mix red and white colours together to make a nice warm pink colour

3. Dab the picture using the wet sponge and make the shape lighter on one side like it is blowing in the wind.

4. Continue to dab on the colour until the sky is covered behind the tree. Add some red colour.

5. Using a brush draw a thin trunk – not straight

6. Add very thin branches to the trunk

Can you think of any other things that you might add to your drawing?

What do you think? (Write or draw your ideas).
