What you will need?

Paper
Pencil
Eraser
Ruler

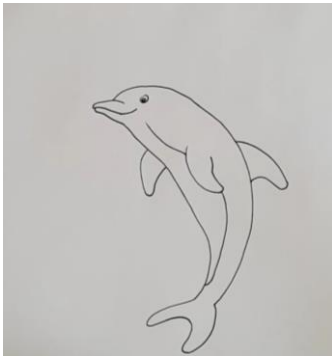

1. Start by creating the dolphins eye and head. Create the eyes by drawing a small circle.

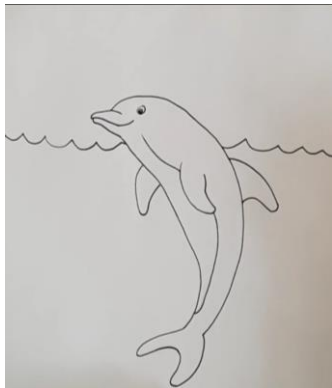

2. Next, draw a long curved line to create the dolphins body

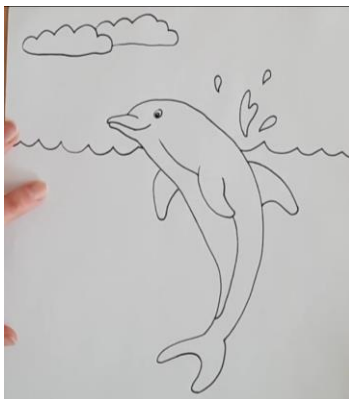

3. To create the fins, draw a semi-circle line and the same on top

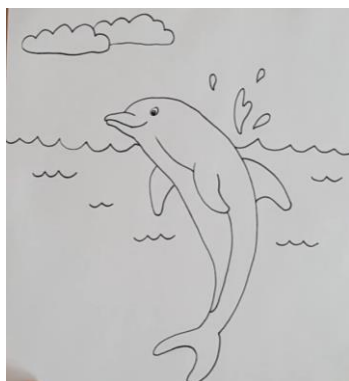

4. Draw a curved line through the centre of the dolphin

5. Next, we are going to add some waves by drawing a curved line across the page

6. Adding some features to the drawing, create some clouds like Edel

7. You have now completed your dolphin, why not add some colour
