How to tune your guitar

You can use an app

You will find the BOSS tuner app in the Play store

Play one string

When the light is green the note is in tune

If the light is before the middle the note is too low

If the light is after the middle the note is too high

This is D cord

- On G string hold second fret
- On High E string hold second fret
- On B string hold third fret

This A cord

- On D string hold second fret
- On G string hold second fret
- On B string hold second fret

This is the G cord

- On A string hold second fret
- On Low E hold third fret
- On High E hold third fret
