

Statement on compliance with the rules governing seclusion, restraint & mechanical restraint for 2024

Approved Centre Name: Haywood Lodge, Clonmel, Co Tipperary

The total number of persons that the centre can accommodate at any one time	40
The total number of persons that were admitted during the reporting period	15

Rules Governing the Use of Seclusion

Issued Pursuant to Section 69(2) of the Mental Health Act 2001-2018.

The total number of persons who were secluded during the reporting period	N/A
The total number of seclusion episodes	N/A
The shortest episode of seclusion	N/A
The longest episode of seclusion	N/A

A statement about the effectiveness of the approved centre's actions to reduce or, where possible, eliminate the use of seclusion

N/A

A statement about the approved centre's compliance with the rules governing the use of seclusion

N/A

A statement about the compliance with the approved centre's own reduction policy

N/A

Statement on compliance with the rules governing seclusion, restraint & mechanical restraint for 2024

Code of Practice on the Use of Physical Restraint

Issued Pursuant to Section 33(3)(e) of the Mental Health Act 2001-2018

The total number of persons who were physically restrained during the reporting period	0
The total number of episodes of physical restraint	0
The shortest episode of physical restraint	N/A
The longest episode of physical restraint	N/A

A statement about the effectiveness of the approved centre's actions to eliminate, where possible, and reduce physical restraint

Haywood Lodge is committed to the reduction of both the frequency and duration of physical restraint. The service is committed to adhering to the principle that the use of restrictive practices and interventions should only take place following a risk assessment and where there are no alternative means to support the patient's safety.

Haywood Lodge emphasises the importance of strong governance and oversight mechanisms as key to successful reduction and where possible, elimination of restrictive practices. A Multidisciplinary Review and Oversight Committee achieve this through the implementation of a comprehensive Restrictive Practice Reduction Policy and the analysis of each restrictive practice episode.

Furthermore, staff have undertaken training on trauma-informed care, alternatives to physical restraint, cultural competencies, positive behaviour support, human rights, including the legal principles of restrictive interventions.

A statement about the approved centre's compliance with the code of practice on the use of physical restraint

Haywood Lodge recognises that restrictive practices compromise a person's liberty and that its use must be the safest and least restrictive options of last resort necessary to manage the immediate risk. The restrictive practice must be proportionate to the assessed risk, employed for the shortest possible duration and its use must only occur following reasonable attempts to use alternative means of de-escalation to enable the person to regain self-control (MHC 2022).

Achieving compliance with the relevant Rule or Code of Practice is a key priority for Haywood Lodge. In order to achieve this priority, the services audit committee audits all episodes of physical restraint, seclusion and mechanical means of bodily restraint. Audit findings are discussed at the approved centres monthly Quality Patient Safety Committee

Statement on compliance with the rules governing seclusion, restraint & mechanical restraint for 2024

(QPSC) meeting and at the services Multidisciplinary Review and Oversight Committee meeting.

The 2024 Annual Inspection by the Mental Health Commission found that Haywood Lodge was fully compliant with the policy on the Code of Practice on the Use of Physical Restraint.

A statement about the compliance with the approved centre's own reduction policy

Haywood Lodge has a comprehensive Restrictive Practice Reduction Policy, which outlines how the service aims to reduce, or where possible eliminate the use of restrictive practices within Haywood Lodge.

The Policy places strong emphasis on leadership of senior clinical and administrative staff, the use of data and post incident reviews in its efforts to reduce the incidents of restrictive practices and to inform practice. The policy outlines specific reduction tools including positive behavioural support approaches and how workforce development and training are key to successful reduction or, where possible elimination of restrictive practices.

Haywood Lodge is fully compliant with its own reduction policy.

Rules Governing the Use of Mechanical Means of Bodily Restraint

Issued Pursuant to Section 69(2) of the Mental Health Act 2001-2018.

The total number of persons who were mechanically restrained under Part 3 (Immediate Risk of Harm)	N/A
The total number of episodes of mechanically restrained under Part 3 (Immediate Risk of Harm)	N/A
The shortest episode of mechanical restraint under Part 3 (Immediate Risk of Harm)	N/A
The longest total episode of mechanical restraint Part 3 (Immediate Risk of Harm)	N/A
The total number of persons who were mechanically restrained (Part 4: enduring risk of harm to self or others)	08

Statement on compliance with the rules governing seclusion, restraint & mechanical restraint for 2024

A statement about the effectiveness of the approved centre's actions to reduce and, where possible, eliminate mechanical means of bodily restraint

Haywood Lodge is committed to the reduction of both the frequency and duration of mechanical means of bodily restraint. The Service is committed to adhering to the principle that the use of restrictive practices and interventions should only take place following a risk assessment and where there are no alternative means to support the patient's safety.

Haywood Lodge emphasises the importance of strong governance and oversight mechanisms as key to successful reduction and where possible, elimination of restrictive practices. A Multidisciplinary Review and Oversight Committee achieve this through the implementation of a comprehensive Restrictive Practice Reduction Policy and the analysis of each restrictive practice episode.

Furthermore, staff have undertaken training on trauma-informed care, alternatives to restraint, cultural competencies, positive behaviour support, human rights, including the legal principles of restrictive interventions.

A statement about the approved centre's compliance with the rules governing the use of mechanical means of bodily restraint

Haywood Lodge recognises that restrictive practices compromises a person's liberty and that its use must be the safest and least restrictive options of last resort necessary to manage the immediate risk. The restrictive practice must be proportionate to the assessed risk, employed for the shortest possible duration and its use must only occur following reasonable attempts to use alternative means of de-escalation to enable the person to regain self-control (MHC 2022).

Achieving compliance with the relevant Rule or Code of Practice is a key priority for Haywood Lodge. In order to achieve this priority, the services audit committee audits all episodes of mechanical means of bodily restraint. Audit findings are discussed at the approved centres monthly Quality Patient Safety Committee (QPSC) meeting and at the services Multidisciplinary Review and Oversight Committee meeting.

The 2024 Annual Inspection by the Mental Health Commission found that Haywood Lodge was fully compliant with Rules Governing the Use of Mechanical Means and Bodily Restraint.
