

# NCCP NATIONAL EXECUTIVE TEAM MEETING

Date: Monday 10<sup>th</sup> March 2025 @ 10.30am, MS Teams

Present: R. Ó Laoide (Chair), C. Faul, P. Heckmann, T. Hanan, A. Hill, M. Keane, T. McCarthy

**Apologies:** F. Bonas, T. Holohan, D. O'Shea

**Invited:** M. Cox, T. Flattery, C. Mellett, N. Keating for F. Bonas.

For Item A1: Prof. D. Brennan and R. Ryan

A. PRES	SENTATIONS	
A1	Update on ECHoS and cancer research (Prof. D. Brennan, National Lead for Cancer Research, NCCP)	
	<ul> <li>Overview of progress in relation to cancer research and the EU-funded ECHoS project (Cancer Mission Hubs) was provided.</li> <li>The Executive agreed with the general approach outlined in relation to the ECHoS project, subject to the proposal document being circulated to members and the inclusion of feedback from the NCCP Executive. It was agreed the draft proposal on ECHoS would be circulated to the NCCP Executive for review and feedback.</li> </ul>	
B. MIN	UTES & MATTERS ARISING	
B1	Minutes of the previous meeting	
	<ul> <li>The minutes of February 10<sup>th</sup> meeting were agreed subject to a minor amendment.</li> </ul>	
B2	Matters Arising	
	<ul> <li>1.Discussion is needed in relation to the management of patients out of hours in non-cancer centres and support from general medical and surgical teams. The management of patient transfers, transfer times and access to clinical trials in non-cancer centres need to be considered as part of the MOU with regions. Review to be completed.</li> </ul>	
	Action: To be included in discussion on proposed MOU between NCCP and HSE	
	Health Regions.	
C. DIREC	TOR'S ITEMS	
C1	<ul> <li>Strategic developments</li> <li>Ongoing work in relation to the NCCP's engagement with the Health Regions.</li> <li>The HSE Centre is also continuing work on the future operating models that will govern engagement between the centre and the regions.</li> <li>The NCCP is progressing a suite of inter-related strategic planning initiatives to address areas such as performance, data and intelligence, designation and centralisation.</li> </ul>	
	<ul> <li>New Cancer Strategy</li> <li>The importance of developing the next Cancer Strategy within the usual 10 year cycle has been discussed with the Department of Health.</li> </ul>	

## Recent memo from CEO on non-pay cost savings

 Memo received from the CEO covers non-pay areas like travel, conferences, postage and external consultancies. NCCP are reviewing the memo and will take any necessary action to address the areas raised.

## **Upcoming retirement:**

Marie Cox, General Manager, Business & Planning will be retiring at the end of March. The Executive acknowledged Marie's contribution to the NCCP over the last ten years.

## Stakeholder events

### Upcoming events:

- 20<sup>th</sup> March Irish Psychosocial Oncology Network
- 1<sup>st</sup>/2<sup>nd</sup> April CCI4EU Deep Dive meetings
- 4<sup>th</sup> April NCCP Lung Cancer Audit, Quality and Risk Forum
- 16<sup>th</sup> May Launch of four national clinical guidelines

## **D. STANDING ITEMS**

## D1 EU Cancer Projects

### CCI4EU

- CCI4EU is the EU project focused on developing cancer care infrastructure.
- The next Deep Dive meetings are scheduled for April 1<sup>st</sup> (in Galway and online) and April 2<sup>nd</sup> (in Dublin and online). National Advisors are encouraged to attend relevant sessions.
- The agenda is being finalised by the Trinity/St. James's team that are leading on the project and will be shared with Executive members.
- The focus is expected to be on governance, data, pathways for molecular diagnostics and molecular tumour boards, alignment with the National Cancer Mission Hub project and engagement with the university sector.
- Work is ongoing on JANE, EUnetCCC and the Joint Action for Personalised Cancer Medicine.

## National Service Plan 2025

• The NCCP is awaiting release of primary notifications by the HSE and will then communicate with service providers on their allocations.

## E1 Cancer Intelligence

No update at this meeting.

## E2 Surgical Oncology Programme (N. Keating/A. Hill)

- Pelvic Exenteration update awaited on new UK standards and guidelines which are expected to be published in May.
- Discussion is needed in relation to breast surgeons coming off the general surgical rota as this will have implications for the planning of relevant services for the future.
- Discussion needed re. triage for breast cancer referrals in cancer centres.

	Action: A. Hill to raise issue with Chair of NCCP Breast Cancer Clinical Leads group.	
E3	Surgical Centralisation (A. Hill)	
	RPLND – process is ongoing in relation to the designation of a national	
	centre for RPLND surgery.	
E4	Medical Oncology/ Haemato-oncology/Molecular (P. Heckmann/M. Keane)	
	medical officiology, fractilate officiology, molecular (1. freekinatili, m. keune)	
	Systemic Therapy Programme (STP)/Cancer Drug Management Programme	
	(CDMP)/Molecular	
	<ul> <li>Recent meeting with the CCO and NCPE to discuss drug funding pathways.</li> <li>Update awaited.</li> </ul>	
	<ul> <li>Discussion is needed on the implications for the planning of services of</li> </ul>	
	several medical oncologists moving to work in the private sector.	
	Two new drugs approved from March 1 <sup>st</sup> for metastatic urothelial	
	carcinoma and relapsed and refractory multiple myeloma.	
	The European Commission adopted a " <u>Communication establishing an</u>	
	Indicative list of hazardous medicinal products according to Article 18a of	
	<u>Directive 2004/37/EC of the European Parliament and of the Council of 29</u>	
	April 2004 on the protection of workers from the risks related to exposure	
	to carcinogens, mutagens or reprotoxic substances at work (18/2/2025).  The HSE Health & Safety function have convened a group to review the	
	HSE Guideline on Handling of Cytotoxics. Consideration is being given to	
	incorporating the EU list into the next version of the HSE Guideline.	
	Implications for sites still to be determined in full.	
	A Radioligand Therapy Advisory Group has been established.
