

Appendix 1 – Providers of long-stay residential support services on HSE’s behalf

As well as applying to services provided directly by the HSE, long-stay contributions also apply to services provided by other agencies on the HSE’s behalf in the following three circumstances:

1. Long-stay residential support services provided on behalf of the HSE by the following service providers (often referred to as ‘section 38 agencies’):

- Brothers of Charity
- Carriglea Cairde Services, Waterford
- Cheeverstown House, Dublin 6W
- COPE Foundation, Cork
- Daughters of Charity
- KARE Central Services, Kildare
- Laura Lynn/Children’s Sunshine Home, Dublin 18
- Muiríosa Foundation, Kildare
- Peamount, Dublin
- St John of God Community Services
- St Michael’s House, Dublin 9
- St Patrick’s Centre, Kilkenny
- Stewarts Care, Dublin 20
- Sunbeam House Services, Wicklow

(In the above, where we have mentioned a county, this is the location of the main office of the agency; services may also be provided by that agency in other locations.)

2. Long-stay residential support services provided on behalf of the HSE by a service provider **not** listed in *Appendix 2* in:

- A public convalescent home
- A public nursing home (if the service user is not covered by the Nursing Homes Support Scheme (Fair Deal))

- A public community hospital or other public hospital (for example rehabilitation services, respite services or other non-acute services, such as when a service user has been discharged from acute care but is still being looked after at the hospital). Note, however, that long-stay contributions do not apply to hospital out-patient services or acute care – such as surgical procedures or short-term treatment for a severe injury, a severe episode of illness or an urgent medical condition.
3. Long-stay residential support services provided on behalf of the HSE in a '**contract bed**' (a service provided to a named service user under a contract between the HSE and a service provider, including a private provider).
