Activity ideas

Toy animals

Watch what your child is doing while they play, then copy their actions/sounds/words. For example: If they are making the horse eat, you could make the cow eat too. Be sure to comment on these actions too e.g "the cow is eating", so that your child can learn the words they need for playing.

Play dough

Watch what your child is doing with the play dough.

Comment on and copy what they are doing .

For example; If your child is rolling the play dough, you roll it too and comment by saying 'I am rolling the play dough' 'roll, roll, roll'.

Puppets/ teddies/ dollies

If your child shows that they want to feed the puppet/ teddy/dolly some food, you should comment and say

"Dolly is hungry' or
'Teddy loves apples'

By doing this you and your child are both focused on the same objects, because of this the words you are saying have much more meaning to your child so it is easier for your child to understand these words and learn to say them.
