

## Medicines Management Programme

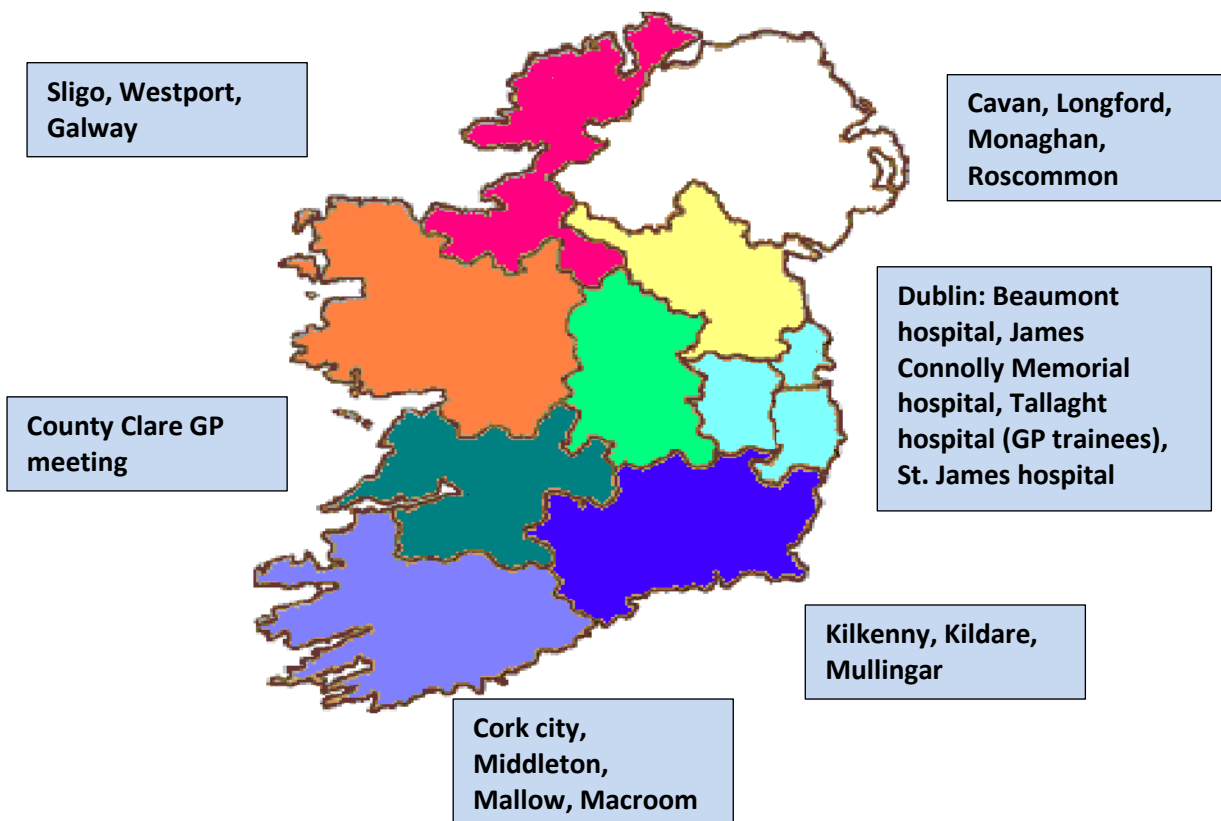

### GP meetings

*Professor Michael Barry and the Medicines Management Programme (MMP), with the wonderful support of our colleagues in the ICGP, have met with over 1400 GPs over the last 18 months*

The MMP attended sixteen ICGP educational meetings in 2014 including presenting at the annual ICGP summer school programme in Kilkenny in June 2014. This has continued into 2015 with four meetings to date including a presentation by Professor Barry at the ICGP annual conference and AGM on “*Psychoactive Medications: Current Prescribing Trends*” at a substance abuse workshop with Dr Ide Delargy, Programme Director for the Substance Misuse Programme in ICGP and Dolores Keating, Head of Pharmacy, St John of Gods Hospital, Dublin.

**The MMP has a number of future dates available in 2015/2016 and if you would like to request the MMP attend your GP educational event please contact us on [mmp@hse.ie](mailto:mmp@hse.ie)**
