1a	<b>KPI Short Title</b>	No. of people with a disability in receipt of Other Day Services (excluding RT and work / work-like activities) (adults only)
2	<b>KPI Description</b>	Number of persons with a disability (ID and / or autism and Physical and Sensory) in receipt of "other day services" as funded by HSE Disability Services."Other day services" include: PD1, PD2, PD3, PD8, PD9, PD10, PD12, PD13,PD14 "Other day services" do not include: PD4, PD5, PD6, PD7 (counted under work / work-like KPIs) and PD11 (counted under Rehabilitative Training KPI)
3	<b>KPI Rationale</b>	To monitor the number of persons with a disability (ID and / or autism and Physical and Sensory) in receipt of "other day services" as funded by HSE Disability Services.
3a	<b>Indicator Classification</b>	National Scorecard Quadrant Access
4	<b>National Target</b>	2024 National Service Plan Point in Time Target: 20,300.

For year end annual outturn, the Q4 outturn is used (e.g. CHO 8: Q2: 653, Q4: 660). Therefore the number of persons with an ID and / or autism in receipt of "other day Services" in CHO 8 for the year is 660. To prevent double counting, the following calculation process may be applicable: Collect the overall figure of all people attending day services from service providers & acquire the OGS database reports regarding people in RT services and those availing of Work/Like Work. Subtract the sum of RT and Work /Like Work numbers of people from the overall number and return that figure.
6	<b>Data Source</b>	Service Provider > HSE Disability Service nominee > HOSC > CHO > National Business Information Unit (NBIU).
6a	<b>Data Sign Off</b>	Head of Social Care in CHO Area
6b	<b>Data Quality Issues</b>	There are gaps in the reporting structure at CHO level . On this basis there is no assurance that updated data is being collected, collated, quality assured and returned by each CHO. Reports are generated nationally from data returns without a reporting relationship to data returners, so there is no national oversight.
7	<b>Data Collection Frequency</b>	Bi-annually - one month in arrears / Other – give details: Data is updated and uploaded locally on an ongoing basis. Data is reported on a bi-annual a month in arrears basis.
8	<b>Tracer Conditions</b>	People with an ID/ autism and Physical and Sensory

2	<b>KPI Description</b>	<p>Total number of home support service hours delivered to people with an intellectual disability and/or autism and Physical and Sensory Disability, in the quarter up to and including the last day of the quarter. Include: • Hours delivered to people with an ID and / or autism and Physical and Sensory Disability in this quarter including those who commenced a HS service and those who continued a HS service , even if they were discharged in this quarter. Exclude: • Hours funded by other care groups ( e.g. Older Persons), Delayed Discharge Initiative Funding or Community Employment Scheme • Hours provided in previous quarter(s) but not provided in this quarter • Hours provided to support children accessing pre-school places as these are not a Home Support service • Hours provided in PA service. Definitions: Home Support: provides personal and/or essential domestic care and support to facilitate participation in social / leisure activities. This service can be provided by the HSE or by a private provider funded by the HSE. Home Support is often provided outside of normal day service hours and is a disability funded service. It includes, as defined in the NASS Database: :Home Care Assistant Service: ""a personal care service which provides personal support including washing, dressing and other activities of daily living and facilitation in social and recreational activities"". Home Help: ""(assistance with household chores). Home Helps currently provide domestic type support (e.g. cooking / cleaning, etc.) but in many cases where a Home Care Assistant is not available, the Home Help may also provide support of a personal nature (e.g. washing, dressing, etc.)"". Calculation: All adults and children receiving home support hours must be returned by the HSE Area from which their funding is allocated e.g. a service user from Sligo accessing Home Support in Longford but whose hours are paid from the Sligo home support budget must be returned by Sligo Disability Services. Example # 1: Paul and Carl are brothers with an intellectual disability. For health and safety reasons, two Home Support workers provide service at their home for 4 hours each worker 3 days a week. No. of hours returned under this KPI in this quarter is 4 hours x 2 Home Support Workers x 3 days x 13 weeks = 312 (presuming 13 weeks in the quarter) i.e. count the number of paid hours Example # 2: Fay and Alice are sisters with autism. 1 Home Support worker provides a service at their home 2 days per week for 3 hours each time. No. of hours returned under this KPI in this quarter is 3 hours x 2 days x 13 weeks = 78 hours (presuming 13 weeks in the quarter) i.e. count the number of paid hours Adult: a person aged over 18 and under 65 years (in a small number of cases people may continue to access disability home support services post 65 years of age) Child: Under 18 years.</p>

1a	<b>KPI Short Title</b>	No. of people with a disability (ID/Autism and Physical and Sensory disability) in receipt of a Home Support Service
2	<b>KPI Description</b>	<p>Number of people with a disability (ID/Autism and Physical and Sensory) in receipt of a home support service, in this quarter up to and including the last day of the quarter. Include: • People with an intellectual disability and/or autism and Physical and Sensory Disability in receipt of a home support service in this quarter including those who commenced a home support service and those who continued a home support service even if they were formally discharged in this quarter. Exclude: • People who accessed Home Support services funded by other care groups ( e.g. Older Persons), Delayed Discharge Initiative Funding or Community Employment Scheme • People who did not receive Home Support services during this quarter but did in previous quarter(s) who have not been formally discharged • Children receiving support for pre-school places as these are not a Home Support service • People receiving a PA Service. Calculation : All adults and children receiving home support hours must be returned by the HSE Area from which their funding is allocated e.g. a service user from Sligo accessing Home Support in Longford but whose hours are paid from the Sligo home support budget must be returned by Sligo Disability Services. Example # 1:John received a home support service in Q3, continuing from a previous quarter. Mary commenced a home support service in Q3. Both John and Mary are returned in Q3. John is also returned under "No of existing people in receipt of PA services" in Q3 and Mary is also returned under 'No. of new people commenced' in Q3 Example # 2:Martin received 10 home support hours per week from Agency A. He was assessed as having an increased need and now receives 5 additional home support hours from Agency B. Martin is returned by each agency as 1 person. It is acknowledged that this is a "double count" but until a system of unique identification is established, both agencies must return what they are providing/funded by the HSE under this KPI. Definitions: Home Support: provides personal and/or essential domestic care and support to facilitate participation in social / leisure activities. ## Home Support Service

1	<b>KPI Title</b>	DIS83 - No of people with a disability formally discharged from home support services (ID/Autism and Physical and Sensory Disability)
1a	<b>KPI Short Title</b>	No. people with a disability (ID/Autism and Physical and Sensory) formally discharged from Home Support Services
2	<b>KPI Description</b>	<p>Total number of people with a disability (ID/Autism and Physical and Sensory), formally discharged from home support services in this quarter up to and including the last day of the quarter. Reasons for discharge may include: • Residential placement • Transferred to adult services, other provider, other area • Service is no longer required or meeting needs • Deceased. Include: • People with an intellectual disability and/or autism and Physical and Sensory Disability formally discharged from home support services in this quarter. Exclude: • People discharged from Home Support services funded by other care groups ( e.g. Older Persons), Delayed Discharge Initiative Funding or Community Employment Scheme • People in receipt of or awaiting commencement of a Home Support service who have not been discharged • People receiving a PA service • Children receiving support for pre-school places as these are not a Home Support service. All adults and children receiving home support hours must be returned by the HSE Area from which their funding is allocated e.g. a service user from Sligo accessing Home Support in Longford but whose hours are paid from the Sligo home support budget must be returned by Sligo Disability Services.</p> <p>Example # 1: Jenny received home support service in Q1 and Q2 in Waterford. She was formally discharged at end of Q2 as she moved to Donegal. Jenny is returned by Waterford under this KPI in Q2. She is also returned by Waterford for Q2 under "No. of Existing Persons in receipt of Home Support" and by Donegal under "No. of new referrals received" for the quarter in which they receive her new referral. Example # 2 Susan has been receiving Home Support service over years. She was admitted to hospital in Q1 and it is unclear at end of quarter whether she will be returning home and to Home Support services or to residential and so returned under this KPI. Each person's case needs to be reviewed individually to determine when formal discharge from Home Support is appropriate. If a person is discharged from Home Support and returned under this KPI, should they later return home/ to Home Support service, return them under "No. new referrals accepted" and "No. new persons commenced" in relevant quarter. Definitions: Home Support: provides personal and/or essential domestic care and support to facilitate participation in social / leisure activities. This service can be provided by the HSE or by a private provider funded by the HSE. Home Support is often provided outside of normal day service hours and is a disability funded service. It includes, as defined in the National Physical and Sensory Disability Database (NPSDD) and the National Intellectual Disability Database (NIDD): Home Care Assistant Service: "a personal care service which provides personal support including washing, dressing and other activities of daily living and facilitation in social and recreational activities". Home Help: "(assistance with household chores). Home Helps currently provide domestic type support (e.g. cooking / cleaning, etc.) but in many cases where a Home Care Assistant is not available, the Home Help may also provide support of a personal nature (e.g. washing, dressing, etc.)". Adult: a person aged over 18 and under 65 years (in a small number of cases people may continue to access disability home support services post 65 years of age) Child: Under 18 years.</p>

This is a cumulative KPI, i.e. at year end, each Area's four quarterly outturns will be added together to obtain the total end of year outturn for that Area in that year.

## Home Support Service

1	<b>KPI Title</b>	DIS88 - No. of people with a disability in receipt of 41 - 60 Home Support hours per week (ID/Autism and Physical and Sensory Disability)
1a	<b>KPI Short Title</b>	No. of people with a disability (ID/Autism and Physical and Sensory) in receipt of from 41 - 60 Home Support hours
2	<b>KPI Description</b>	<p>Total number of people with a disability (ID/Autism and Physical and Sensory), in receipt of 41 - 60 Home Support hours in the last week of the reporting period i.e. last week of June and last week of December. Include: • People in receipt of a Home Support service in the last week of June or December (biannual reporting period), including those who commenced a service and those who continued a service, even if they were discharged after receiving a service in the last week of June or December. Exclude: • People who accessed Home Support services funded by other care groups ( e.g. Older Persons), Delayed Discharge Initiative Funding or Community Employment Scheme • People who did not receive Home Support services during the final week of June/December but did previously and who have not been formally discharged • Children receiving support for pre-school places as these are not a Home Support service • People who received a PA Service. Definitions: Home Support: provides personal and/or essential domestic care and support to facilitate participation in social / leisure activities. This service can be provided by the HSE or by a private provider funded by the HSE. Home Support is often provided outside of normal day service hours and is a disability funded service. It includes, as defined in the National Physical and Sensory Disability Database (NPSDD) and the National Intellectual Disability Database (NIDD): Home Care Assistant Service: "a personal care service which provides personal support including washing, dressing and other activities of daily living and facilitation in social and recreational activities". Home Help: "(assistance with household chores). Home Helps currently provide domestic type support (e.g. cooking / cleaning, etc.) but in many cases where a Home Care Assistant is not available, the Home Help may also provide support of a personal nature (e.g. washing, dressing, etc.)". All adults and children receiving home support hours must be returned by the HSE Area from which their funding is allocated e.g. a service user from Sligo accessing Home Support in Longford but whose hours are paid from the Sligo home support budget must be returned by Sligo Disability Services. Example: Mary was in receipt of 5 hours Home Support Service per week during Q3. However, Mary only received 12 hours in the final week of December, the biannual reporting period. Therefore Mary is returned under band 11 - 20 hours Home Support Service Adult: a person aged over 18 and under 65 years (in a small number of cases people may continue to access disability home support services post 65 years of age) Child: Under 18 years.</p>

## PA Service

1	<b>KPI Title</b>	DIS37 - No. of adults with a physical and / or sensory disability formally discharged from a PA Services
1a	<b>KPI Short Title</b>	No. adults with a physical and/or sensory disability formally discharged from a PA service
2	<b>KPI Description</b>	<p>Total number of adults with a physical and/or sensory disability, formally discharged from a PA service in this quarter up to and including the last day of the quarter. Reasons for discharge may include: • Residential placement• Transferred to other provider, other area• Service is no longer required or no longer meeting needs• Deceased. Include: • Adults with a physical and/or sensory disability formally discharged from a PA service in this quarter. Exclude:• Adults with a physical and/or sensory disability discharged from PA service funded by other care groups ( e.g. Older Persons), Delayed Discharge Initiative Funding or Community Employment Scheme• Adults with a physical and/or sensory disability in receipt of or awaiting commencement of a PA service who have not been formally discharged• Adults with a Physical and/ or Sensory Disability who receive a Home Support service• Adults with physical and sensory disability who require neurorehab supports that do not meet the definition of PA or Home Support• Adults with an Intellectual Disability and / or autism• Children with any disability. All adults accessing PA Hours must be returned by the HSE Area from which their funding is allocated e.g. a service user from Sligo accessing PA Hours through Longford CIL whose hours are paid for by Sligo PA budget must be returned by Sligo Disability Services. Example # 1: Kate received PA service in Q1 and Q2 in Waterford. She was formally discharged at end of Q2 as she moved to Donegal. Kate is returned by Waterford under this KPI in Q2. She is also returned by Waterford in Q2 under "No. of Existing Persons in receipt of PA" and by Donegal under "No. of new referrals received" for the quarter in which they receive her new referral. Example # 2 Susan has been receiving PA service over years. She was admitted to hospital in Q1 and it is unclear at end of the quarter whether she will be returning home and to PA services or to residential and so returned under this KPI. Each person's case needs to be reviewed individually to determine when formal discharge from PA is appropriate. If a person is discharged from PA and returned under this KPI, should they later return home/ to PA service, return them under "No. new referrals accepted" and "No. new persons commenced" in relevant quarter. Definitions:Personal Assistant (PA): is employed by the person with a disability to enable them to live an independent life. The PA provides assistance, at the discretion and direction of the person with the disability, thus promoting choice and control for the person with the disability to live independently" (National Physical and Sensory Disability Database – Description of Services). Employed by: for the purposes of this KPI means that the service user has full control over the recruitment and day to day direction of their PA. The service user may devolve responsibility for employment administrative arrangements e.g. Garda vetting, references, insurance, tax returns and salary payment, to a service provider such as CIL, IWA. Adult: For the purpose of this KPI an adult is aged over 18 and under 65. It may include persons aged over 65 years who began with Disability Services prior to turning 65.</p>

## PA Service

1	<b>KPI Title</b>	DIS38 - No. of adults with a physical and / or sensory disability in receipt of a PA service
1a	<b>KPI Short Title</b>	No. of adults with a physical and/or sensory disability in receipt of PA Services
2	<b>KPI Description</b>	<p>Number of adults with a physical and/or sensory disability in receipt of PA services, in this quarter up to and including the last day of the quarter. Include: • Adults with a physical and/or sensory disability in receipt of a PA service in this quarter including those who commenced a PA service and those who continued a PA service even if they were formally discharged in this quarter. Exclude: • Adults with a physical and/or sensory disability who accessed PA service funded by other care groups ( e.g. Older Persons), Delayed Discharge Initiative Funding or Community Employment Scheme • Adults with a physical and/or sensory disability who did not receive a PA service in this quarter but did in any previous quarters who have not been formally discharged • DO NOT INCLUDE Adults with a physical and/or sensory disability who only receive a Home Support Service, or neurorehab supports that do not meet the definition of PA • Adults with an intellectual disability and/or autism • Children with any disability. Calculation : All adults accessing PA Hours must be returned by the HSE Area from which their funding is allocated e.g. a service user from Sligo accessing PA Hours through Longford CIL whose hours are paid for by Sligo PA budget must be returned by Sligo Disability Services. Example # 1: Sean received a PA service in Q3, continuing from a previous quarter. Jane commenced a PA service in Q3. Both Sean and Jane are returned under this KPI in Q3. Sean is also returned under "No of existing people in receipt of PA services" in Q3 and Jane is also returned under 'No. of new people commenced' in Q3. Example # 2: Martin received 10 PA hours per week from Agency A. He was assessed as having an increased need and now receives 5 additional PA hours from Agency B. Martin is returned by each agency as 1 person. It is acknowledged that this is a "double count" but until a system of unique identification is established, both agencies must return what they are providing/funded by the HSE under this KPI. Definitions: Personal Assistant (PA): is employed by the person with a disability to enable them to live an independent life. Where a person occupies a place on less than a 24/7 basis ( i.e. 5/7 or 4/7 )and is not in residence on the last day of the reporting period or a 24/7 resident is temporarily away for other reasons- family visit home, hospital admission etc, the place is counted as occupied , on the basis that it held and available for them to return to within a matter of days. Exclude places where the person receives support in their own/family home i.e. where the person owns, rents the property and holds a tenancy. Exclude residential places in host family/home-sharing arrangements . DO NOT INCLUDE NEW EMERGENCY PLACES CAPTURED UNDER DIS 102 until following year. Each CHO Area to return count of all places funded by them regardless of which geographical areas they are located in. CHO Areas should not return places in their Area funded by other Areas. Service providers to return data on places to the funding Area

1	<b>KPI Title</b>	DIS59 - No of day only respite sessions accessed by people with a disability(ID/Autism and Physical and Sensory Disability)
1a	<b>KPI Short Title</b>	No. of day only respite sessions accessed by people with a Disability
2	<b>KPI Description</b>	Total number of day only respite sessions provided for people with a Disability (ID/Autism and Physical and Sensory Disability) in this quarter, up to and including the last day of the quarter. Respite locations include: • Centre based respite• Host Family• Community Home• Private Nursing Home• Holiday Respite• Saturday Clubs. Include: • Number of non-overnight day only respite accessed by people in the quarter. Exclude: • Day Only respite funded by other care groups (e.g. Older Persons) • Overnight respite stays where people stayed at a respite location overnight (i.e. in a bed).• "Day Services" such as work-like, educational and training services. These are counted in KPIs 1-9. Respite service must be returned by the HSE Area from which funding is allocated e.g. Waterford Service user accessing respite nights in Kildare. These clients to be returned by Waterford Disability Services.Example 1: Lucy is in receipt of respite after school one evening per week from 2.30 pm to 9 pm. She is returned as 1 'Day Only' respite per week or 13 day respite sessions per quarter (presuming there are 13 weeks in the quarter). Example 2: An agency provides 6 people with day respite 1 Saturday/month in the quarter, there are 4 Saturdays in the quarter. Therefore 6 x 4 = 24 Day Only Respites returned in the quarter. Adult: a person aged over 18 and under 65 years. In a small number of cases people may continue to access disability respite services post 65 years of age.Child: Under 18 years.

Each session ( or episode) will be counted as 1, individual hours will not be counted. Do not include day sessions that directly precede or follow overnight respite. Where several individuals access a respite session i.e. an after school club, this will be counted by the number of people who accessed the service i.e. 10 people attend the club, so the number returned is 10.This is a cumulative KPI i.e. at year end, each region's four quarterly outturns will be added together to obtain the total regional end of year outturn for that year. Calculation :Respite service must be returned by the HSE Area from which funding is allocated e.g. Waterford Service user accessing respite nights in Kildare. ## Respite Services

1	<b>KPI Title</b>	DIS93 - No. of people with a disability formally discharged from respite services (ID/Autism and Physical and Sensory Disability)
1a	<b>KPI Short Title</b>	No. of people with with a disability formally discharged from respite services
2	<b>KPI Description</b>	<p>Total number of people with a disability formally discharged from respite services in this quarter, up to and including the last day of each quarter. (Intellectual Disability and/or autism and Physical and Sensory Disability) Definition: • Respite includes Day, Evening and Overnight Respite. Respite locations include short stays in the following service types: • Centre based respite• Host Family• Community Home• Private Nursing Home• Holiday Respite• Saturday Clubs. Reasons for discharge may include: • Residential placement• Transferred to adult services, other provider, other area• Service is no longer required or no longer meeting needs• Deceased. Include: • People with an Intellectual Disability and/or autism and Physical and Sensory Disability formally discharged from respite services in this quarter. Exclude:• People with an Intellectual Disability and/or autism and Physical and Sensory Disability discharged from respite services funded by other care groups (e.g. Older Persons) • People with an Intellectual Disability and/or autism and Physical and Sensory Disability undergoing a "phased discharge". Discharge is not finalised until the last day of respite service has taken place and the person is formally discharged• People in receipt of or awaiting commencement of a respite service who have not been discharged• People with an Intellectual Disability and/or autism and Physical and Sensory Disability in receipt of respite in their own home as this is returned under Home Support. Respite service must be returned by the HSE Area from which funding is allocated e.g. Waterford Service user accessing respite nights in Kildare. These clients to be returned by Waterford Disability Services.Example # 1:Mark received respite service in Q1 and Q2 in Waterford. He was formally discharged at end of Q2 when he moved to Donegal. Mark is returned by Waterford under this KPI in Q2. He is also returned by Waterford for Q2 under "No. of Existing Persons in receipt of Respite" and by Donegal under "No. of new referrals received" for the quarter in which they receive his new referral.Example # 2: In Q1, Linda and Pauline are offered holiday respite in August. Linda declines the service in Q2 and is subsequently discharged. A letter is issued to Linda to confirm the discharge. Linda is returned as a discharge in the quarter in which the letter was issued i.e. Q2. Pauline accepts the 2 weeks holiday respite in Q3 as a once off and is returned under both "No. of people commenced" and "No. of people discharged" in Q3 Example # 3 Susan has been receiving respite service over years. She was admitted to hospital in Q1 and it is unclear at end of quarter whether she will be returning home and to respite services or to residential and so returned under this KPI. Each person's case needs to be reviewed individually to determine when formal discharge from respite is appropriate. If a person is discharged from respite and returned under this KPI, should they later return home/ to respite service, return them under "No. new referrals accepted" and "No. new persons commenced" in relevant quarter. Adult: a person aged over 18 and under 65 years. In a small number of cases people may continue to access disability respite services post 65 years of age.Child: Under 18 years.</p>
