Acknowledgments

This Directory is a revised edition of the Who Cares - Supports and Services for Carers in Laois and Offaly (Psychiatry of Later Life). It was co-produced by Health and Wellbeing, ICPOP Laois/Offaly, Patient & Service User Engagement and Psychiatry of Later Life.

Members of the ICPOP Living Well at Home Work Stream (Laois/Offaly) developed this Directory. Many thanks to HSE and non-HSE groups who contributed to the contents. Valuable and insightful feedback received from Active Retirement Groups, Age Friendly events, and Men’s Sheds further informed the content, layout and design.

Seniors Alert Scheme
(Monitored personal alarms)

The Seniors Alert Scheme provides support for vulnerable older people. The scheme provides funding for a monitored alarm - a pendant that the person wears on their wrist or around their neck. Connected to a contact centre the alarm supports older people to live securely in their own homes.

The scheme is run by Pobal, a not for profit organisation that works on behalf of the Government. It is for people over 65 years who have limited means, living alone, or living with another older person, or caring for someone else in the household.

The alarm monitoring system is free for the first year following installation, after which the person becomes liable for the monitoring fee. Charges vary by service provider and the type of alarm and service provided.

Grant assistance is made available through community, voluntary, and not for profit organisations that are registered with Pobal, such as L-Step, North Offaly Local Development and West and South Offaly Home Fix. Another organisation, Task Community Care provides a similar service.

For further information: Phone Bernadette Dunne 087 963 0484.

This chapter provides you with an overview of public transport services available in Laois and Offaly. If you need help accessing, transport and would like further information you can phone the Local Link Office on 057 869 2186 (lines open Monday to Friday from 9am to 5pm). A member of the Local Link team will advise you on all transport options available in your area. This Local Link office covers transport queries from both Laois and Offaly.

**TFI Local Link Laois Offaly- Bus Service**

**Who we are**
TFI Local Link Laois Offaly is a rural transport company providing a combination of schedules and flexible bus services across the two counties. We are state funded and under the remit of the National Transport Authority and contract local operators to undertake the services.

**What we do**
We are one of 15 TFI Local Link offices across the Country.

We have two types of services:

- Regular Rural scheduled services operate from town to town on a fixed timetable, across the seven days of the week. No need to pre-book just hop on at the nearest bus stop.

- The door-to-door flexible scheduled services operate on certain days in more rural areas to neighbouring towns and villages and pick up at your door. These services have to be pre-booked the day before by contacting the office

All TFI Local Link services are wheelchair accessible and we accept the Free Travel Pass, TFI Leap card and virtual tickets through the TFI Go App, along with cash tickets on the bus.

**How to get to us**
To check out all our services see our timetables on our website www.locallinklaoisoffaly.ie or give our office a call on 057 869 2168 Monday to Friday from 9am to 1pm and 2pm to 5pm.

Free Travel Scheme
The Free Travel Scheme allows you to travel free of charge on all public transport owned by the State. This includes bus, rail and Dublin’s LUAS with some exceptions. Everyone aged 66 and over, legally living permanently in the State, is entitled to the Free Travel Scheme. Some people under 66 also qualify. You cannot use your existing free travel pass for free travel within Northern Ireland.

More information about the scheme can be found at https://www.gov.ie/en/service/9bba61-free-travel-scheme/

You should contact the Department of Social Protection to check if your private bus operator accepts free travel cards.
In this chapter, we introduce you to health professionals who can assist you if you are experiencing challenges relating to your overall health. Health care teams working in the community, known as Primary Care Teams promote health, screen for disease, and vaccinate to prevent disease.

**Summary of who we are**
Primary care teams include:

- General Practitioners (GPs)
- Public Health Nurses (PHN)
- Community Registered General Nurse (CRGN)
- Registered Advanced Nurse Practitioner (RANP)

- Home Care Assistants (HCA)
- Occupational Therapists (OT)
- Social Workers (SW)
- Psychologists
- Physiotherapists
- Dieticians
- Speech and Language Therapists
- Palliative Care Team
- Hospital Teams (Midland Regional Hospital Tullamore and Midland Regional Hospital Portlaoise
- Community Pharmacy’s

**Summary of what we do**
Primary Care Teams assess your physical or psychological symptoms, make a diagnosis and provide you with a plan of care to treat your symptoms. The team also provide rehabilitation services to support you to adapt your lifestyle and build up your strength to overcome an illness or injury.

**General Practitioners** (my doctor) have a key role on our team. Your GP is often your first point of contact. Link to find my GP [https://www2.hse.ie/services/find-a-gp/](https://www2.hse.ie/services/find-a-gp/)
Public Health Nursing Service

Who we are
Our public health nursing team comprises of:
• Registered Public Health Nurses, (PHNs)
• Community Registered General Nurses (CRGNs) and
• Health Care Assistants (HCAs).

What we do
Our nursing teams, based in Health Centres or Primary Care Centres, assess your nursing care needs. They may arrange additional supports for example:
• home supports to enhance your personal care needs
• referral to a tissue viability nurse specialist if you have a wound
• referral to continence advisor if you have problems with your bowel or bladder
• referral to clinical nurse specialists in palliative care
• referral for day care or respite
• referral to other voluntary organisations.

How to get to us
You can refer yourself directly to the public health nursing service by phoning your local health centre/primary care centre (See list of contact details for Health Centres/Primary Care Centres in Offaly and Laois).

Specialist Palliative Care Service

Who we are
We are a team of specialist healthcare professionals helping people living with a life-limiting illness to improve their quality of life and manage symptoms. The team includes a consultant in palliative medicine, specialist nurses, physiotherapists and social workers. We work closely with your primary care providers, including your GP, Public Health Nurses, Community Registered General Nurses, community teams, hospital teams and staff in nursing homes and community nursing units. Palliative care is available to people of all ages and at any stage of their illness.

What we do
Following referral and assessment a plan is developed on how best to manage symptoms effectively to help you cope with your condition and help you to achieve the best quality of life in your preferred place of care. We will help you to make informed choices about your care. We will provide a link between you, your family and other services.

How to get to us
Talk to your GP, Public Health Nurse, Hospital Consultant or Clinical Nurse Specialist who will assess your needs. They will complete and send us a referral form, as appropriate. We will then arrange to meet you, and your family as you wish, in your own home or current place of residence.

Regional Continence Service

Who we are
A team of highly trained healthcare professionals, with significant advanced knowledge and expertise in the area of bladder and bowel and pelvic floor dysfunction. The team deliver a high quality, safe and effective service to adults and children of all abilities within the Primary Care setting, and Nursing Homes sectors. The Continence Team consists of Clinical nurse managers, Public Health Nurses, Clinical Nurse Specialists and a regional Clinical Nurse Manager.

What we do
The continence service provides education, advice, support, and clinical assessments for people with bladder and bowel problems. The service also provides education and support to community nurses, as well as nursing staff in community units and nursing home settings.
How to access the service
Referrals come through the GP, hospital consultant, physiotherapy, community nurse, public health nurse, who will assess the best option for you. Talk to your GP, nurse, consultant or other health care professional, who will complete a Level 1 continence assessment and they will then forward the referral to us.

Self Management
Laois & Offaly Directory of Services and Programmes for Adults with Asthma, COPD, Diabetes, Heart Conditions, Stroke.

The directory is available online at www.hse.ie/eng/health/hl/selfmanagement

It is a comprehensive list of services and supports for both health professionals and service users alike to better manage their own health.

The directory will assist adults living with or caring for someone with a long-term health condition, by signposting them to condition-specific self-management supports such as pulmonary rehabilitation, cardiac rehabilitation and diabetes structured education programmes. These programmes aim to equip individuals with the knowledge, skills and confidence to live well with a long-term health condition. The inclusion of social and community supports, peer support groups and emotional and mental wellbeing supports recognises the value of these resources in assisting people to self-manage, and help contribute to leading a healthier life.

Please contact the Self-Management Support Coordinator if you require further information on:

Email: GerA.walsh@hse.ie  Telephone: 087 331 6570
Living Well Programme

Living Well is a free, group Management support programme for adults with long-term or chronic health conditions. A long-term health condition is one that can be treated and managed but usually not cured. Examples include asthma, COPD, diabetes, heart conditions, stroke, multiple sclerosis, arthritis, inflammatory bowel disease, chronic pain and many more.

For more information on the Living Well Programme, please contact Aine McNamee, Living well coordinator:

Email: Aine.mcNamee@hse.ie  Telephone: 087 114 0371 / 041 685 0671

Psychology Service

Who we are
We are a team of psychologists who offer a range of psychological supports to people over 18.

What we do
We talk to you about your worries, and we explain how we can help you. We offer individual or group-based support. Some examples of difficulties a psychologist can help with include:

- Depression
- Stress and tension
- Anger
- Anxiety
- Bereavement
- Coping with physical illness
- Relationship issues

How to get to us
Talk to your GP in the first instance. The GP will assess you and make sure we are the appropriate service for you. Your GP will refer you to us. There is no cost for counselling.
Occupational Therapy Service

Who we are
We work with people who have an illness, injury or disability.

What we do
We help you to maintain, or achieve, independence in your daily living. We will meet you to ask you what you need and see how best we can help you.

This work includes:
- Completing a functional assessment of your home. In other words, we can assess if your home environment helps or hinders you when you are climbing the stairs, using the shower or toilet.
- Making recommendations about adapting your home, for example you may need an additional rail to help to climb the stairs safely or a raised toilet seat.
- Advising you about local authority grants and completion of application support letters (excluding Occupational Therapy home adaptation reports).
- Providing you with specialist and adaptive/assistive equipment for your safety/independence. Note you must have a medical card or a Long Term Illness card to avail of adaptive or assistive equipment free of charge, such as assessing you for a wheelchair, if necessary.
- Advising you on seating for example how to relieve pressure and protect your skin
- Advising you on hoists. Some people may be immobile and need a hoist. Your carer may also need support in learning how to use the hoist safely.
- Providing your carer with advice and support.
- Referring you to Occupational Therapy Specialists, as required.
- Referring you to other members of the Primary Care Teams, if required.
- Providing advice for people to purchase equipment/devices that are not funded by HSE (non-medical card/long term illness card holders)

How to get to us
You can refer yourself to our Occupational Therapy Service. Please contact your local Health Centre/Primary Care Centre for further information.

See page 31 for the list of Health Centres/Primary Care Centres in Offaly and Laois
Physiotherapy Service

Who we are
We work with people following injury, pain or disability.

What we do
We aim to improve your movement and function to maximise your potential and restore your well-being after an injury or illness.

A Physiotherapist in the Primary Care Team will:

• Assess, diagnose and treat conditions & illness.
• Assist you to prevent further injury, for example following a fall.
• Promote a healthier lifestyle for you, including advice around appropriate levels of exercise and activity to prevent deconditioning and other symptoms of chronic disease.
• Prescribe suitable walking aids and other equipment to promote safe mobility.
• Visit your home if necessary and develop a programme of care that meets your care needs.
• Assess you and provide appropriate mobility aids and appliances to assist your recovery. These aids are funded by the HSE.
• Advise you on the use of aid and appliances such as walking aids.
• Advise your carer on the use of aids and appliances and your mobility.
• Monitor and review your progress.

How to get to us
You can refer yourself to our Physiotherapy Service. Please contact your local Health Centre/Primary Care Centre for further information.

See page 31 for the list of Health Centres/Primary Care Centres in Offaly and Laois
**Social Work Service**

**Who we are**
We work to enhance the quality of life of older people, enhancing your wellbeing.

**What we do**

- Signposting to appropriate community supports.
- Advocacy re: benefits & entitlements.
- Assist with any other queries or worries.
- Ensure your voice is heard and understood.
**Speech and Language Service**

**Who we are**
We assess and manage patients who experience communication difficulties related to their diagnosis, for example dementia.

**What we do**
We assess if you have communication difficulties such as:

- Maintaining your attention, listening or concentrating during a conversation in a group or losing your train of thought during a conversation
- ‘Missing bits’ of a conversation
- Difficulty finding words during a conversation

We provide strategies to support you and your family/carer to have conversations. Strategies may include the use of simple, familiar language, the provision of additional time, supporting you to find words and/or the provision of visual aids (pictures/photos) to support their understanding. We identify your strengths and to maintain functional communication. We also work closely with family members/carers.

We will assist if you experience eating, drinking and swallowing difficulties (dysphagia).

- We make safe swallowing recommendations
- We provide advice and support to carers
- We can assist you, and your carer, in planning for the future in terms of eating, drinking and swallowing skills.

**How to get to us**
People can self-refer to the Speech and Language Therapy, or you can be referred by another member of the Primary Care Team. Phone your local Health Centre/Primary Care Centre, who will advise you further.
Community Nutrition and Dietetic Services

Who we are
The Community Nutrition and Dietetic Service dietitians are working in a variety of services and HSE structures as part of a regional team of dietitians across Longford, Westmeath, Offaly and Laois.

What we do
Dietitians are specialised in food and nutrition and the only qualified and regulated health professionals who assess, diagnose and treat dietary and nutritional problems at an individual and wider public health level.

• We provide information and support to all age groups based on scientific information in interventions to maintain health, reduce risk of poor health and restore health and manage a range of conditions, including dementia and frailty by developing individual nutritional care plans.

• We advise on suitable strategies for people experiencing difficulties with eating and drinking in the context of living with dementia.

• We provide suitable interventions for nutrition support for people identified at risk of malnutrition and associated muscle wasting (sarcopenia) and effects on bone health.

• We aim to empower clients and/or their carers and family members to provide or select food which is nutritionally optimal, safe, tasty and sustainable. This may take place in a clinic setting, in people’s homes (private homes or HSE long term residential units), and groups for structured patient education.

• We also work with media, research and educational institutions, national groups and programmes to promote healthy nutrition messages and strategies affecting the population.

How to get to us
Ask your GP/doctor, nurse, or health & social care professional to make a referral to us.
Counselling Service

Who we are
We are the National Counselling Service team. We meet with people and offer support.

What we do
The National Counselling Service provides free, confidential counselling and psychotherapy for people throughout Laois and Offaly. We offer free services for people who have experienced bereavement, former residents of the Mother and Baby Homes, or any adult who experienced adverse childhood effects.

People experiencing mild to moderate psychological difficulties, for example anxiety, can only access the service if they have a valid medical card.

Dental, Optical and Hearing Services
It is important that you get regular checks of your hearing and your eyesight. Having regular dental checks is also important.

Some of these services are free to medical cardholders.

If you do not have a medical card, the Treatment Benefit Scheme may help you meet the cost of

• dental care  • optical care  • hearing aids and repairs.

Visit their website here:
www.gov.ie/en/service/1fb655-treatment-benefit-scheme

Your teeth
The Health Service Executive (HSE) provides some free dental treatment through the public health service.

If you do not qualify for HSE services, then you can use a private dental service.

The Dental Treatment Services Scheme (DTSS) provides access to dental treatment for adult medical cardholders.

Medical cardholders are entitled to a free dental examination in each calendar year, as well as any extractions that are required. One first-stage endodontic (root canal) treatment is also available each year for teeth at the front of the mouth.

If you do not qualify for HSE services, you can use a private dental service.

Your eyesight
Ask your GP to refer you to the HSE Ophthalmology Service to have your eyesight tested.

The HSE Ophthalmology Service is based in your local health centre.

• Laois Community Services, Dublin Road, Portlaoise. Tel: 057 862 1135
• Offaly Community Services, Arden Road, Tullamore. Tel: 057 934 1301

If you have a medical card, you can get a free eye examination every 2 years from the HSE. If you need glasses or spectacles, you can get free standard spectacles.
Your hearing
Our hearing deteriorates as we get older and often it deteriorates gradually so we don’t notice the decline. It can initially appear as if others are mumbling, like you can hear what someone is saying but not understand the words. You might hear well on a one-to-one basis but struggle to hear in groups or background noise.

Untreated hearing loss in older persons can lead to isolation and cognitive decline. It is important to have our hearing checked if you feel your hearing has deteriorated.

If you are experiencing any of the symptoms above ask your GP to refer you to the HSE Audiology Service to have your hearing tested.

The HSE Audiology Service for Offaly is based in Tullamore Health Centre, Arden Road, Tullamore, Co. Offaly. Phone number 057 934 1301

The HSE Audiology Service for Laois is based in Portlaoise Health Centre, Dublin Road, Portlaoise, Co. Laois. Phone number 057 869 2539

The service will guide you through the process of having a hearing test, a hearing aid fitting and follow up care in your appointed centre.

This service is available to medical cardholders only.

If you do not have a medical card, you may be able to avail of a grant through the Treatment Benefit Scheme. There is a link to the website at the top of this page. The Treatment Benefit Scheme can give you up to €1,000 off a pair of hearing aids; this means that if your hearing aids cost €1,000 or less there will be no additional cost to you.

The Treatment Benefit Scheme website has a list of accredited hearing aid providers in each county.

Your feet
The HSE in Laois and Offaly do not have a Chiropody Service.

Acute Services

Midland Regional Hospital Tullamore

Who we are
Midland Regional Hospital Tullamore (MRHT) currently operates with 225 inpatient beds. We provide a wide range of services including cardiology, gastroenterology, rheumatology, endocrinology, infectious diseases, respiratory, nephrology, surgical services, orthopaedics and oncology/haematology. MRHT is the receiving centre for all trauma activity.

We provide a range of health services for older people run by our team of geriatricians, specialist nursing colleagues and allied health professionals.

What we do
The Rapid Access Frailty Assessment Unit (RAFAU) is a team of healthcare professionals who specialise in the care of older people. We offer quick access to specialist assessment to screen for frailty in the outpatient setting, and work with patients to develop a care plan that will promote healthy ageing and living well. This includes comprehensive assessment of medical conditions, medications, function, mobility, social/home circumstances, memory, communication, nutrition and swallowing.

If attending the Emergency Department, older persons will be seen by one or more members of our Frailty team between the hours of 8am and 5pm.

This allows for comprehensive assessment by specialised staff and, where appropriate, patients are discharged. Sometimes patients are called back for follow-up care in the outpatient setting.

Patients who are admitted and need ongoing specialist care will be seen or followed up by the specialised older persons nursing staff and/or geriatrician, as needed.

How to get to us
Your GP, Public Health Nurse, or any health professional involved in your care in the community can refer you to RAFAU.

Queries about appointments or referrals can be made to 057 935 9779 or 057 935 9246
Midland Regional Hospital Portlaoise

Who we are
Here at the Midland Regional hospital Portlaoise, we are developing a specialist team to care for the older person. The essence of our service is to assess and treat the needs of older people. Utilising recognised assessment tools including a comprehensive geriatric assessment (CGA). Assessing the physical, psychological, functional and social needs of all patients over 70 years of age. CGA is based on the premise that a full evaluation of a frail older person by a team of healthcare professionals may identify a variety of treatable health problems, resulting in a co-ordinated plan and delivery of care, leading to better health outcomes.

The approach is inter-disciplinary-including candidate Advanced Nurse Practitioner in Gerontology, Medical Consultant, Physiotherapist, Occupational Therapist, Dieticians, Dementia CNSp, Respiratory ANP/CNSp and Speech and Language Therapists among the team.

What we do
Frailty at the front door (First Response Ageing In Life service).
Frailty at the Front Door Service was introduced to provide a holistic assessment and intervention to patients over 65 presenting with frailty to the Emergency Department (ED). The service is ED based and identifies and assesses patients presenting with frailty and provides individualised interventions. Early comprehensive assessment can improve healthcare outcomes and patient experience and can support further recovery at home working towards avoiding unnecessary admissions to hospital.

The aim of the Frailty Front Door (FFD) Team is to support discharge directly home or reduce length of stay if admitted. The Frailty Front Door Team consists of a candidate Advanced Nurse Practitioner in Frailty, Senior Occupational Therapist, Senior Physiotherapist, and Assistant Staff Officer. The FFD Team supports older people to live and age well by identifying drivers of frailty and by promoting physical and mental health in those at risk of becoming frail.

How to get to us
Speak to your GP who will advise you if you need to attend the Emergency Department.
Sexual Health Services - HSE

Sexual Health prevention and treatment services include a broad range of services both publically and privately.

Services include

• Prevention of sexually transmitted infections
• Clinical care for those with sexually transmitted infections
• Screening for diseases such as genital chlamydia
• Psychosocial counselling and support

HSE Public sexually transmitted infections screening are available in Outpatients Midlands Regional Hospital Mullingar 086 859 1273. These services may be provided privately through your General Practitioner.
This chapter provides information to support you to live well at home. We provide you with information on the HSE Home Support Service, day care services, and respite services.

HSE Home Support Service
(formerly called the Home Help Service or Home Care Package Scheme)

Who we are
The Home Support Scheme is available to people aged 65 or over who need support to continue living at home. People under the age of 65, with early onset dementia or a disability, may also avail of Home Support.

What we do
We provide support for everyday tasks including:
- assistance with getting in and out of bed
- dressing and undressing
- help with personal care such as showering and shaving.

You can apply for a home support service if you are at home, in hospital or in a nursing home and wish to return home.

How to get to us
You can download the Information Booklet and Application Form here: https://www.hse.ie/eng/home-support-services/home-support-services-information-booklet.pdf
You then return the Application Form to your local Home Support Service Office.

When we receive your application, we will arrange a health professional such as a Public Health Nurse to complete a care needs assessment. The support you receive depends on your individual needs.

Eligibility
This is a free service and you do not need a medical card to apply.
Day Care Services

Who we are
We provide social and rehabilitative services at various centres throughout Laois and Offaly.

What we do
We work with you to ensure you feel comfortable and supported and your individual needs are met, as far as possible. We offer a wide range of activities including music sessions, arts and crafts, reminiscence therapy, gentle exercises and personal care.

Our day care service includes a hot lunch.

Many of our centres provide transport.

How to get to us
You need to speak to your Public Health Nurse who will arrange it for you.

Eligibility
This is a free service and you do not need a medical card to apply.
Respite Services

Who we are
We provide short-term care in our community nursing units or in the home to enable your carer to get some rest.

What we do
We acknowledge that providing care is tiring and carers need rest. We arrange short-term care (30 days in total in a 12-month period) in one of our Community Nursing Units (CNUs) as follows:

Respite Care in Laois
- CNU Abbeyleix (closed to new applications)
- St Vincent’s CNU Mountmellick

Respite Care in Offaly
- Riada House CNU
- Ofalia House CNU
- Birr CNU

How to get to us
You, or your carer, need to contact your Public Health Nurse. The Public Health Nurse will meet with you and your carer and do an assessment.

Eligibility
You are entitled to a total of 30 days respite in a 12-month period.

If your respite period exceeds 30 days in a 12-month period, you or your carer will be charged €25.58* per day. Your medical card or private health insurance will not cover this cost. Respite can be only be accessed through the Public Health Nurse.

This chapter provides information on the application process for admission to a nursing home (the Fair Deal) as well as a list of nursing homes (public and private).

**Fair Deal Process**
Despite supports, some people require long-term care in a HSE Community Nursing Unit (Public Nursing Home) or Private Nursing Home.

**Who we are**
We provide advice on public, private and voluntary nursing homes in your area, funding through the Fair Deal, and the application process.

**What we do**
We recognise that moving to a nursing home is a stressful time for you and your family. The public health nurse will provide advice and guidance on applying for nursing home care. If you are in hospital, the nurse manager or discharge planner will support you.

Additionally, you can call the nursing home support office who will guide you further.

**How to get to us**
You can speak to your Public Health Nurse by phoning your local Health Centre/Primary Care Centre.

KEEP LEARNING
In this chapter, we provide you with information on HSE Laois/Offaly Adult Mental Health Services. We explain what services are available through Psychiatry of Later Life (POLL) as well as other adult Community Mental Health Teams, (Support Groups and other resources).

**Adult Community Mental Health Teams**

**Who we are**
Adult Community Mental Health Teams care for people, over the age of 18 years, living with mental health challenges such as, but not exclusive to, anxiety, depression, schizophrenia, paranoia or living with dementia, and engaging in behaviours that are worrying like aggression or wandering.

**What we do**
This team of doctors, nurses, occupational therapists, psychologists and social workers provide a range of community mental health service to help you manage your illness with medication and support. We will educate and support you and your family, help you maintain your independence, link you with supports, and help you to express your views and wishes. Members of the teams also facilitate groups on different topics for example ‘managing anxiety’.

**How to get to us**
If you have worries about your mental health or your memory talk to your GP or Consultant and ask them about a referral to one of our Mental Health Services (see below).

**Where to find us**
Adult community mental health teams are based across three sites in Offaly and Laois.

- Tullamore, Bannon Centre, Arden Road, Tullamore (Mid/North Offaly and Portarlington). **Tel: 057 931 5900**
- Birr, Wilmer Road (South Offaly and South Laois). **Tel: 057 912 0576**
- Portlaoise, Triogue Centre, Bridge Street, Portlaoise (North Laois). **Tel: 057 862 2925**
If you or someone you know is concerned about their mental health you can present yourself to the Department of Psychiatry, Midlands Regional Hospital Portlaoise for an assessment.

**Day Hospital**

Every Mental Health Team has a day hospital. The day hospital supports people recently discharged from the Department of Psychiatry. People who are very unwell who need support may attend the day hospital to help them stay well and prevent admission to hospital.

**Rehabilitation and Recovery Teams**

**Who we are**

Rehabilitation and Recovery Teams developed as a result of a change in the way mental health services met the needs of their long term patients in large psychiatric units.

A new way of working was created of providing mental health supports to long term patients in the community. It was based on building community mental health residences which provided different levels of support depending on the needs of the person, which are staffed by nurses and health care assistants from mental health with support from other members of the team.

**What we do**

Rehabilitation and Recovery Teams are a multidisciplinary team with doctors, nurses, health care assistants, a social worker, occupational Therapist and Psychologist.

The Rehab and Recovery Team covers both Offaly and Laois, only accept referrals from the other Adult Community Teams in Laois and Offaly. It is a specialised Mental Health Service.

The Psychiatry of Later Life (POLL) team

Who we are
Psychiatry of Later Life is a specialist mental health team who cares for people over the age of 65 years who are experiencing mental health problems such as anxiety or depression. We also care for people who have a cognitive impairment/dementia and struggling with other issues such as aggression and wandering. If you have previously attended an adult community mental health team in your area, this team will continue to support you after your 65th birthday.

What we do
The team of doctors, nurses, occupational therapists and social workers will meet with you to assess your needs and offer you support. The doctor will assess and give advice about diagnosis and medication. The nurse will support you and your family within the community and liaise with the doctors on your behalf in relation to medical issues. The Occupational Therapist can help you to re-engage with supports in the community and support you to maintain your independence. The Psychologist can help you and your family with behaviours that challenge, and provide support to you and your family in relation to complex emotions that arise from the challenges of living with a mental health issue. Because of some illnesses, some people struggle to communicate. The Speech and Language Therapist can help you to communicate to ensure that your voice and wishes are heard. A Speech and Language Therapist can also help you with your swallow, if it is a concern. The Social Worker can help you, and your carer, with benefits and entitlements, housing, and also act as your advocate.

You will also have access to our Memory Technology Resource Room. This room contains products and devices to support your memory.

How to get to us
If you have concerns about your memory or your mental health talk to your GP or Consultant and ask them about a referral to Psychiatry of Later Life at An Triu Aois, Block Road, Portlaoise, County Laois.

Once we receive a referral letter, we will contact you.

If you have concerns about your mental health you can contact the Department of Psychiatry, Midlands Regional Hospital Portlaoise on 057 869 6396
Cognitive Assessment Service

Who we are
The Cognitive Assessment Service operates within the Psychiatry of Later Life Service assessing people aged 18 and upwards who have worries about their memory.

What we do
The aim of the service is to improve the practice of early identification diagnosis and treatment of mild cognitive impairment and dementia. Early diagnosis allows a person and their families to be more pro-active and assists people to get plans in place for their future. The Cognitive Assessment Service is a nurse led service supported by doctors with access to occupational therapists, psychologists, speech and language therapists, social workers and cognitive behaviour therapist.

How to get to us
If you have concerns about your memory talk to your GP or Consultant and ask them about a referral to Psychiatry of Later Life at An Triu Aois, Block Road, Portlaoise, County Laois.

Once we receive a referral letter, we will contact you.

Family/Carer Support Group
If a family member with a diagnosis of dementia is attending the Psychiatry of Later Life team, you can avail of information sessions provided by nurses and other members of the team. The information gained in the group will assist you to understand and care for the person diagnosed with dementia. The group meet one afternoon on four occasions throughout the year. If you would like to attend the group, please talk a member of the Psychiatry of Later Life Team.

How to get to us

Offaly Healthy Homes - Lunch Clubs
Offaly Healthy Homes is a community services programme, managed by Offaly Local Development Company that was set up at the start of covid to deliver services to older people living across the West and South Offaly area. They work with many community groups, including three community run kitchens (Shinrone, Ballycumber and Kilcormac) to deliver ‘hot’ and/or ‘cooling dinners’ to people’s doors every Monday, Wednesday and Friday.

They also currently work with local community group leaders to organize social food events called lunch clubs across many different venues in our area (Birr, Banagher, Shinrone, Coolderry, Mountbolus, Mucklagh, Ballycumber, Clara, Coolderry).

A ‘lunch club’ is where people from an area come together in a parish hall or community building to have a meal and varied entertainment on a scheduled basis. It gives people a great chance to get out of their house and meet neighbours and friends in a fun environment. Lunch clubs are there to try help people combat isolation.

Offaly Healthy Homes hope to expand and develop more services to our customers over the next few years.

For further information on ‘meals to the door’ or ‘lunch clubs’ in your area please contact us on 087 979 9663.

Memory Technology Resource Room

Who we are
Memory Technology Resource Rooms (MTRR) have been set up by the HSE all over the country. The MTRR is a national free service that provides practical information and advice on assistive technologies and supportive strategies to help people at different stages of dementia and memory loss. The MTRR is available for people with dementia or other memory problems, family and carers with dementia or healthcare professionals.

What we do
When you visit a Memory Technology Resource Room, you will be greeted by a healthcare professional who will discuss with you any difficulties you are having that assistive technology might be able to help you with. The MTRRs have a wide range of assistive technologies on demonstration so you have the opportunity to see and try out different devices. The healthcare professional will also discuss practical strategies to promote independence, safety, and quality of life. Examples of assistive technologies include memory aids, orientation aids, safety devices, communications aids and alongside many other devices.

How to get to us
The Memory Technology Resource Room (MTRR) is in the Primary Care Centre, Portarlington, Co. Laois (covering Laois & Offaly)
Telephone: 057 868 4200

Website Access: https://www.understandtogether.ie/get-support/memory-technology-resource-rooms/

The MTRR in Portarlington Primary Care Centre is accessible to individuals across Laois and Offaly. There is also an MTRR available in Psychiatry of Later Life (POLL) for those who are attending this service.

Family Carers Ireland

Who we are
Caring for a loved one can be rewarding, but it can also be difficult, frightening and isolating. It shouldn’t be. Family Carers Ireland want carers to know they have the support they need to care safely, to make it less of a battle and to know they are not alone. We are the national charity supporting the 500,000+ family carers across the country who care for loved ones such as children or adults with additional needs, physical or intellectual disabilities, frail older people, those with palliative care needs or those living with chronic illnesses, mental health challenges or addiction.

What we do
Family carers can avail of a suite of free supports and services ranging from rights and entitlements guidance, access to e-learning modules, practical courses, on-the-ground support and advocacy, peer support groups, young carer supports, emergency care scheme, membership and more.

We facilitate ‘Last Aid’ workshops. These workshops provide inspiration and support to prompt conversations and thoughts to prepare for the end of life you wish for or those you care for. Family Carers Ireland hold the licence to deliver the Last Aid workshop in Ireland. We are recognised by Dr George Bollig, the author of Last Aid, for our unique affiliation with family carers and how we can support carers through this workshop. National Council for the Blind Ireland (NCIB)

Who we are
NCBI is Ireland’s national sight loss agency. NCBI provides various services and supports to children and adults who are blind or vision impaired all over Ireland. Our goal is to empower people living with sight loss to be able to live as independently as possible and for those people to have the same rights and access in society as anyone else.

What we do
NCBI provides supports and services to people who are blind or vision impaired. These supports and services include providing information and training about assistive technology, providing information and training about the use of mobility aids, empowering people through the medium of advocacy, providing upskilling in education and support in progressing into employment, providing training and support to children and parents who are coming to terms with a new sight loss diagnosis, providing sporting opportunities and access through Vision Sports Ireland and much more.

How to get to us
Any person who is blind or vision impaired, who is dealing with a new diagnosis of sight loss, or who is worried that they may be having issues with their sight can contact NCBI on our info line 1800 911 250. NCBI also has a referral process, which can be completed online by a clinician i.e. an optometrist or ophthalmologist, by a nominated friend or family member or through a self-referral at www.ncbi.ie/supporting-you/make-a-referral/. More general information is available at www.ncbi.ie.
In this chapter you will find information on housing, housing bodies, how and where to get rental support, who to call for information on housing rights, as well as the grants available to make your home more suitable for your needs.

Healthy Age Friendly Homes

Healthy Age Friendly homes programme - research shows that the majority of people want to remain in their own homes as they age. This desire is often challenged by their home not being suitable for the occupier as their needs become more pronounced, their financial means decrease, and their mobility declines. With the right assessment and intervention, the living environment can be changed from being one of health risk to one of health support.

Healthy Age Friendly homes programme can provide you with access to a range of housing, health and social care supports to help you decide on what you need to enable you to live the life you want to the best of your ability within your community.

Healthy Age Friendly Homes coordinator will carry out a needs assessment to establish what supports are required to enable you to continue living independently in your own home for longer. They will help fill out referral forms for the Housing Grant, Energy Warm Homes etc.

County Laois

Laois County Council

Who we are
Laos County Council’s Housing Department provides confidential support services for older people and people with disabilities who need housing or who need to improve the accessibility of their homes.

What we do
We assist older people living in unsuitable housing conditions to have necessary repairs or improvements carried out.

The Housing Aids for Older People Grant Scheme is determined based on gross household income and the improved costs of the works as assessed by Laois County Council. The maximum grant available is €8,000.

The Housing Adaptation Grant is available to assist in the carrying out works that are reasonably necessary for the purposes of rendering a house more suitable for the accommodation of a person with a disability who is a member of the household. The maximum grant available is €30,000.

The Mobility Aids Housing Grant Scheme is available to cover works that address mobility problems, primarily, but not exclusively related to ageing. Works include insertion of grab-rails, access ramps, level access shower, stair-lifts and other minor works deemed necessary to facilitate the mobility needs of a member of a household. The maximum grant is €6,000. The grant is available to households whose gross annual household income does not exceed €30,000.

Social Housing is for people capable of living independently. In order to qualify the applicant must be on the Laois County Council housing list.

We administer the Housing Payment Scheme. The scheme is for people whom we deem as having a long-term housing need. Tenants pay a weekly Housing Assistance Payment rent contribution based on income and ability to pay.

Other Schemes

The Warmer Homes Scheme

Who we are
The Warmer Homes Scheme delivers a range of energy efficient measures free of charge to low income households vulnerable to fuel poverty. The Scheme is government funded and administered by the Sustainable Energy Authority of Ireland (SEAI).

What we do
The service involves the installation of standard energy efficiency measures appropriate to the eligible household subject to SEAI survey, budget allocation, and available capacity. The service is provided at no cost to the household and the measures that may be available under this scheme are: attic insulation, draught proofing, lagging jackets, low energy light bulbs, cavity wall insulation and energy advice. This scheme is available to homes that meet the following criteria: owner occupied, non-local authority homes, constructed before 2002, and the owner is in receipt of the fuel allowance (means tested social welfare scheme).

The Better Energy Homes Scheme

Who we are
The Better Energy Homes Scheme provides grants to homeowners of houses built before 2006 to improve energy efficiency in their homes.

What we do
This scheme is different to the Warmer Homes Scheme as it provides grants to improve energy efficiency. Grants are available for the following:

• Roof insulation

• Wall insulation - for example, cavity wall, internal dry lining or external insulation.

• Heating controls upgrade

• Installation of a high-efficiency boiler (more than 90% efficiency) including a heating controls upgrade
• A Building Energy Rating (BER) after the energy-saving work is carried out (you must get this BER to qualify for the grant)

• Solar heating

How to get to us

Telephone: 1850 927 000  Email: info@betterenergyhomes.ie
www.seai.ie/grants/home-energy-grants/free-upgrades-for-eligible-homes

It is possible to apply for both grants. Of note, there is a waiting list of twenty-four months for the Warmer Homes Scheme. If approved for Better Energy Home Scheme the work must be completed within eight months.

Co Laois

Laois Partnership Company
Laois Partnership Company supports older people in Laois via our LSTEP (Laois Services to Elderly People) programme. The service provides an affordable way of getting maintenance and repair work done, along with gardening services. Most of all it is a connection with the local community, which is vital for the health of the older person. Being mindful of the challenges that face older people today we are intent on delivering a service that supports independent living.

L-Step - Laois Services to Elderly People
LSTEP is a Community Services Programme provided in Laois by Laois Partnership Company. It provides a repair, maintenance and gardening service to people over the age of 65. In addition to its core service, LSTEP also provides general advice and information including a referral service to local agencies such as Citizen’s Information Service, Department of Social Protection, Laois/Offaly Education & Training Board, TASK Community Care etc. and serves as a vital social contact for socially excluded older people living in isolation.

The programme is also registered with Pobal to process and submit applications for personal alarms for the over 65 age group and are subcontracted by Help Link South to install these alarms in County Laois. LSTEP regularly receives referrals from the HSE and other support services for Personal Alarms, fitting of grab rails, stair handrails, garden, and maintenance work.

To find out more Contact LSTEP on 057 868 2779

See page 12 for additional information on personal alarms and other safety devices
Age Action’s Care and Repair does small DIY jobs, free of charge, for older people to help them maintain their homes and their independence.

Age Action’s Care and Repair prioritises carrying out jobs in the homes of older people who are being discharged or have recently been discharged from hospital. If someone is coming out of hospital, no matter where they live, we would support them to make sure their home is safe.

Care and Repair can remove trip hazards, install handrails, replace toilet seats or move a bed downstairs to make sure the home is ready for their return.

If you require work done in your home to make it safer after a stay in hospital we can help.

If you are a professional working with older people who would benefit from this service you can download a referral form from [www.ageaction.ie](http://www.ageaction.ie).

Libraries

Offaly

Offaly Libraries has a network of eight branches across the county, offering books, computers, and a place to be for everyone.

Our friendly staff can help you find a book, select an audiobook, print a document or get set up to read and listen to books on your smartphone or home computer.

Libraries host book clubs, craft groups, and a variety of events that you are welcome to partake in. We have Magic Tables in Tullamore, Edenderry, Clara, Banagher and Ferbane libraries, which have interactive light games suitable for some older people - contact our branches for more information.

Our eight branches have Age-Friendly charters, demonstrating our commitment to supporting our older library users. There is always a great programme of events for Bealtaine, the national celebration of creativity for older people, and Positive Ageing Week in September. All year round, you’ll find a comfortable chair, a helping hand, and a friendly face.

CHAPTER 10 - OTHER COMMUNITY SUPPORTS/SERVICES

This chapter provides information on other supports available to support people live well at home. These include befriending services, support organisations such as domestic violence support service, community alcohol and drugs service and St Vincent de Paul.

**Befriending Services**

ALONE’s Support & Befriending Service matches older people who need support and extra social contact with volunteers and staff who can provide additional support required and companionship through visits and telephone calls.

Volunteers can also help with practical supports, such as helping to access information, filling out forms and with phone calls and appointments.

The Support & Befriending Service is designed to alleviate the negative impacts that loneliness has on mental and physical health. All ALONE volunteers are trained and supported by professional staff. If the older person’s needs change, staff coordinate the additional supports the older person needs to enable them to remain living at home.

Call our national support line on 0818 222 024 from 8am-8pm 7 days a week.

Laois Volunteer Centre
Laois Volunteer Centre was established in 2021 and it is a registered charity. The aim of our organisation is to promote Volunteerism in Co. Laois. We do this by recruiting members of the public for volunteering with not for profit/community organisations. Volunteers enable these organisations to carry out their day to day operations to benefit their service users and community. Volunteering not only benefits the organisation but also the individual as Volunteering can be a vehicle for a person to share their skills and talents, gain experience, broaden their social networks, alleviate loneliness and increase confidence etc. We work with a diverse range of organisations from Alone to Tidy Towns and everything in between so there is a Volunteering opportunity for everybody!

Please contact us on info@volunteerlaois.ie or on 087 249 9659. You can learn more about us by visiting www.volunteerlaois.ie

To find out more contact Caitriona on 087 249 9659

Offaly Volunteer Centre
Volunteers are involved in virtually every aspect of society including health, education, social services, youth, sports and recreation, culture, the arts, and the environment. There are countless ways to volunteer and thousands of organisations powered by volunteers, both across County Offaly and Ireland.

Offaly Volunteer Centre is an independent organisation (and registered Charity) working with volunteers and volunteer-involving organisations in Co Offaly.

We provide a range of services for volunteers and volunteer-involving organisations. For example, you can find out about volunteering opportunities without having to make a commitment, talk to someone on the how, why and where of volunteering, find volunteers to help your organisation flourish, get advice on any issues about taking on volunteers for the first time, review current procedures, and much more!

**Laois Traveller Action Group**

Laois Traveller Action Group is a Traveller specific project that was established in 1996 with the goal of representing, promoting, supporting, and empowering members of the Traveller Community.

Laois Traveller Action Group works to achieve

• Equality

• Better living conditions for members of the Travelling community

• Better health for Travellers

• The recognition of Traveller Culture and ethnicity

**Our services**

**Primary Healthcare Programme:** Primary Healthcare Team consists of 5 peer led Traveller Community Healthcare works who deliver initiatives to their own community. They work to raise awareness on issues such as mental health, asthma and cardiovascular as well as raising awareness of health issues affecting families, for example vaccinations programmes. They deliver information in various ways such as outreach, visiting local Traveller families, social media, newsletters and information groups and workshops.

**Public Health Nurse:** The Primary Healthcare nurse works in partnership with Laois Traveller Action Group (LTAG) and is responsible for planning Traveller specific health programmes along with the Primary Healthcare Team in a culturally sensitive and appropriate manner to meet the health needs of the wider Traveller communities in Laois.

The work is based on five key performance indicators within Traveller health:

- mental health
- diabetes
- cardiovascular
- accommodation
- education
The social determinants health approach is an important guiding principle in the work. Their work includes outreach to families, design and distribution of Traveller specific health promotional documents, Inter-agency and committee work, Awareness Campaigns etc.

Community Development Team
Our Community Development Programme consists of two workers, one specific to the Women’s Programme and the other to the Men’s Programme. The Community Development Team work to develop relationships with Traveller families in Laois. The aim is to improve mental health and wellbeing, physical health and better living conditions for Traveller families. The Community Development Team advocate on behalf of Traveller individuals and families.

Accommodation Services
Laois Traveller Action Group Community Development Workers support and advocate for families and individuals on all housing issues. They work closely with Laois County Council and are members of the LTACC (Local Traveller Accommodation Consultative Committee). They work with families on housing applications and support them in accessing services. These supports can be offered in the client’s home or in our offices in Portlaoise.

Traveller to Wellbeing Social Worker
Travelling to Wellbeing is a service set up by Offaly Traveller Movement. It is the only professional mental health service that is unique to Travellers in Ireland. The services provides a culturally appropriate Traveller specific mental health service to address the serious situation for Travellers. OTM have kindly extended the service into Laois until the end of 2023. Travelling to Wellbeing is an evidenced based, clinical/therapeutic, recovery focused model of local mental health service provision within a community development context. The Traveller to Wellbeing Social worker often visits families in their home.

Aware Support & Self-Care Groups

Aware Support & Self Care Groups offer an opportunity for people, aged 18 years and over, to talk openly about their experience of depression, bipolar disorder, and/or other related mood conditions. Peers share their experience, give and receive support, and understanding and offer an exchange of thoughts and techniques around self-care and resilience in a supportive, confidential and proactive environment.

Life Skills Group Programme

The Life Skills Group Programme is delivered over the course of six weeks in 90-minute sessions. With the help of a series of easy-to-follow worksheets and expert guidance from a trained facilitator at each session, you can learn how to better manage the stress of everyday life, recognise and manage unhelpful thoughts, learn new ways of thinking and ultimately begin the journey to a healthier and more confident life.

This programme is available online and in locations around the country, a number of times each year. You can choose the option that best suits you, and your own circumstances. Before signing up, we ask that participants are available to attend all six consecutive weeks of this programme. There is a refundable booking fee of €30 for this programme (or €10 if you are a student, unemployed, over 65 or hold a medical card). You can request a refund by emailing info@aware.ie upon completion of the programme.

For further information, see their website: www.aware.ie

Please dial 999 or 112 in the case of an emergency.
**Eircode**

Eircode is the new Postcode that was introduced to Ireland in July 2015. The new Postcode is a mix of Letters and Numbers and will be seven characters in length. The Eircode Postcode is divided into two parts a routing key and a unique identifier.

**IT IS IMPORTANT TO KNOW YOUR POSTCODE IN THE EVENT OF AN EMERGENCY.**

Ensure that you keep your Eircode beside your phone or somewhere you can access it quickly. If you do not know your Eircode, a member of staff in the Citizens Advice Office or in your local library can identify it for you.

You can also find it yourself online at [www.eircode.ie](http://www.eircode.ie)

**Eircode brings many benefits:**

1. Makes it quicker and easier for medical emergency services to locate addresses.
2. Allows delivery and service companies to accurately identify addresses so deliveries get to the right location.
3. Makes it quicker and easier to shop online.
4. Helps to develop Irish businesses and facilitate better planning and delivery of public services.

**Community Gardaí**

The role of the local Community Garda is to liaise with the local community, organisations and services. Their role is to get to know the community by giving talks, organising activities and linking with service providers. For further information in relation to your local community Garda please contact any of the stations listed above.
**Bogus Caller Cards**
The cards were launched following an increase in the number of bogus callers and tradesmen calling to vulnerable people.

Householders can ask any traders or workmen calling to homes requesting to carry out work to supply their details on the card. If there is any doubt as to the legitimacy of the person, house holders can contact the Garda stations listed above. Genuine callers will supply their details. Do not let anyone into your house unless you are 100% satisfied as their legitimacy.

**Bogus Callers**
Garda Síochána crime prevention suggests we should all advise elderly vulnerable people against answering the door to bogus callers.

These callers may call to the door offering a service such as power washing, painting, garden maintenance or other services.

Anyone who lives alone should fit a chain lock to their door and only open the door to people who are known to them.

Contact Gardaí if you have any suspicion in relation to a caller in your area and provide as much detail as possible, e.g. registration number of the car, direction of travel and description of caller.

**‘Message in a Bottle’ Initiative**
Laois: Telephone: 057 866 4107 Email: agefriendly@laoiscoco.ie
Age Friendly Programme Manager.
Telephone: 057 934 6800 Email: agefriendly@laoiscoco.ie

Offaly: Offaly County Council Community Section. Telephone: 057 934 600
Sgt. Willie Kirwan, Tullamore Garda Station. Telephone: 057 932 7600

The ‘Message in a Bottle’ Initiative is free to all who need it and is aimed at older adults whose medical details are written on a page, placed inside the plastic bottle and kept in the fridge where the emergency services will find it.

It will save the emergency services valuable time identifying if someone is in difficulty and will quickly provide his or her emergency contacts. All First Responders that is the emergency services, HSE ambulance teams, Fire Brigade, and the Gardai support the initiative. If called to an emergency, upon seeing the stickers, they will immediately collect the vital information from the fridge.
Neighbourhood Watch and Community Alert

Neighbourhood Watch and Community Alert are crime prevention programmes aimed at getting local communities working in partnership with the Gardaí to become actively involved in observing and reporting suspicious activities. They will be in a position to advise you on home safety and work with the Gardaí on Text Alert notices and other security initiatives. Contact your local Garda Station or the stations listed above who will advise you about your nearest Neighbourhood Watch (Towns) or Community Alert (Rural Areas).

For further details please contact the Garda Stations listed above or your local Garda Station

Older Person’s Register

Older Person’s Register Garda Stations hold and maintain an Older/Vulnerable Person’s Register. The Register assists Gardaí identify vulnerable people, who may need support, particularly in time of crisis, such as bad weather. Interested persons within County Laois/ Offaly are invited to register their details with An Garda Síochána. Details can be submitted by the individual themselves, their Assisted Decision Maker or Next of Kin. In all cases the consent of the person concerned will be required.

For further information phone Sergeant William Kirwan - Tullamore Garda Station 057 932 7600 or Sergeant Jason Hughes in Portlaoise Garda Station 057 867 4100.

Carers Emergency Card

www.hse.ie/eng/services/list/3/carerssupport/

Carers might consider carrying the Carers Emergency Card. In the event of a carer being in an accident or becoming ill, the details on the card can be used to ensure that the person being cared for is looked after.

See page 13 for additional information on monitored personal alarms.
