- **Under Care & Staffing** the nursing home was compliant with 25 out of 25 regulations.  
  On the basis of this inspection and under current nursing home regulations, the inspection team would consider that the nursing home provides a good standard of Care and Staffing for residents.

- **Under Management** the nursing home was compliant with 23 out of 23 regulations.  
  On the basis of this inspection and under current nursing home regulations, the inspection team would consider the nursing home to have a good standard of management.

- **Under Physical Environment** the nursing home was compliant with 11 out of 11 regulations.  
  On the basis of this inspection and under current nursing home regulations, the inspection team would consider the nursing home provides a good Physical Environment for residents.

All regulations, their reference numbers and the details of those regulations can be viewed in Nursing Homes (Care and Welfare) Regulations, 1993.

#### Comments and Recommendations

Waterlow score to be kept on all residents deemed to be high risk. We also recommend that all weights of residents be recorded linearly such that the weights over a yearly period are on one sheet. They may also be kept in the residents chart as you have stated.
