	Comments and Recommendations	
Comments and recommendations made by the inspection team as a result of the inspection	It is acknowledged that an electronic Nursing documentation system was implemented within the Nursing Home since the last inspection visit. On review of this electronic documentation system, the Designated Officers noted that there has been considerable improvement in the Nursing Documentation practice within the Nursing Home. The Designated Officers would recommend continued development of this system to ensure that residents' assessments are comprehensively reflected in their care plan and in the daily nursing notes.
