The inspection commenced at 10.00 a.m. and was completed by 2.30 p.m. on 10\textsuperscript{th} March 2008 and from 3.00 p.m. to 5.00 p.m. on 13\textsuperscript{th} March 2008. This inspection was unannounced.

There were 39 (5 in hospital) residents on this date. The Nursing Home is currently fully registered for 45 residents.

The above nursing home was found to be in substantial compliance from a Medical, Nursing and Environmental Health perspective under the Health (Nursing Homes) Act, 1990 and subsequent Regulations at the time of inspection.

\textbf{Recommendations:}

- We recommend that two nurses check and sign the stock balance for MDA Schedule 2 drugs at changeover of shift.

- Two nurses should check the medication on arrival from the pharmacy (normal system) against the drug prescription sheets.

- Nurses should also ensure they check the drug prescription when administering any medication.
