Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of obstetrics and gynaecology.

3.2 Consultant Obstetrician & Gynaecologist with a special interest in gynaecological oncology

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of obstetrics and gynaecology
- and
- (b) Two years certified postgraduate training in gynaecological oncology.

3.3 Consultant Obstetrician & Gynaecologist with a special interest in maternal-fetal medicine

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of obstetrics and gynaecology
- and
- (b) Two years certified postgraduate training in maternal-fetal medicine.

3.4 Consultant Obstetrician & Gynaecologist with a special interest in reproductive medicine

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of obstetrics and gynaecology
- and
- (b) Two years certified postgraduate training in reproductive medicine.

3.5 Consultant Obstetrician & Gynaecologist with a special interest in uro-gynaecology

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of obstetrics and gynaecology
- and
- (b) Two years certified postgraduate training in uro-gynaecology.

3.6 Academic Title / Consultant Obstetrician & Gynaecologist (added December 2018)

Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of obstetrics and gynaecology.

Paediatrics

4.1 Consultant General Paediatrician **Academic Title / Consultant Paediatrician**

Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of paediatrics.

4.2 Consultant Paediatric Nephrologist

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of paediatrics
and
(b) Two years certified postgraduate training in paediatric nephrology.

4.3 Consultant Paediatric Cardiologist (updated May 2013)

Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of paediatric cardiology

or

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of paediatrics
and
(b) Two years certified postgraduate training in paediatric cardiology.

4.4 Consultant Paediatrician si paediatric cardiology (added May 2014)

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of paediatrics
and
(b) One year certified postgraduate training in paediatric cardiology.

4.5 Consultant Paediatrician with a special interest in respiratory medicine

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of paediatrics
and
(b) Two years certified postgraduate training in paediatric respiratory medicine.

4.6 Consultant Paediatric Oncologist

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of paediatrics
and
(b) Two years certified postgraduate training in oncology / haematology.

* “Certified” will be based on written evidence provided by applicant and, where required, include evidence of examination results or an ‘expect to complete’ statement from the applicants’ training body.

4.7 Consultant Paediatric Neurologist

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of paediatrics
and
(b) Two years certified postgraduate training in paediatric neurology.

4.8 Consultant Paediatric Endocrinologist

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of paediatrics
and
(b) Two years certified postgraduate training in paediatric endocrinology.

4.9 Consultant Paediatrician with a special interest in metabolic diseases

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of paediatrics
and
(b) Two years certified postgraduate training in paediatric metabolic diseases.

4.10 Consultant Paediatrician with a special interest in infectious diseases

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of paediatrics
and
(b) Two years certified postgraduate training in paediatric infectious diseases.

4.11 Consultant Paediatric Gastroenterologist

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of paediatrics
and
(b) Two years certified postgraduate training in paediatric gastroenterology.

4.12 Consultant Paediatrician with a special interest in community child health

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of paediatrics
and
(b) One year certified postgraduate training in community child health.

4.13 Consultant Paediatrician with a special interest in paediatric neurodisability (updated July 2015)

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of paediatrics
and
(b) Two years certified postgraduate training in paediatric neurodisability.

4.14 Consultant Paediatrician with a special interest in rheumatology

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of paediatrics
and
(b) Two years certified postgraduate training in paediatric rheumatology.

(amended July 2018)

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of psychiatry
- and**
- (b) A postgraduate qualification in psychotherapy accredited by a national awarding organisation

6.14 Academic Title / Consultant Psychiatrist

Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in one of the specialties of psychiatry.

6.15 Consultant Child Forensic Psychiatrist (added May 2016)

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of child & adolescent psychiatry

and

- (b) Three years certified postgraduate training in forensic psychiatry, of which one must be in child forensic psychiatry.

Radiology

7.1 Consultant Radiologist

Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of radiology.

7.2 Consultant Neuro-Radiologist

(a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of radiology

and

(b) Two years certified postgraduate training in neuro-radiology.

7.3 Consultant Paediatric Radiologist

(a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of radiology

and

(b) Two years certified postgraduate training in paediatric radiology.

7.4 Consultant Radiologist with a special interest in paediatric radiology

(a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of radiology

and

(b) One year certified postgraduate training in paediatric radiology.

7.5 Consultant Radiologist with a special interest in vascular radiology

(a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of radiology

and

(b) One year certified postgraduate training in vascular radiology.

7.6 Consultant Radiologist with a special interest in nuclear medicine

(a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of radiology

and

(b) One year certified postgraduate training in nuclear medicine.

7.7 Consultant Radiologist with a special interest in interventional radiology

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of radiology
and
(b) One year certified postgraduate training in interventional radiology.

7.8 Consultant Radiologist with a special interest in breast radiology

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of radiology
and
(b) One year certified postgraduate training in breast radiology.

7.9 Consultant Radiologist with a special interest in musculo-skeletal radiology

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of radiology
and
(b) One year certified postgraduate training in musculo-skeletal radiology.

7.10 Consultant Radiation Oncologist

Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of radiation oncology.

7.10.1 Academic Title / Consultant Radiation Oncologist (added March 2020)

Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of radiation oncology.

7.11 Consultant Radiation Oncologist with a special interest in paediatric radiation oncology

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of radiation oncology
and
(b) One year certified postgraduate training in paediatric radiation oncology.

7.12 Consultant Radiologist si Diagnostic Neuro-radiology (Added November 2016)

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of radiology
and
(b) One year post graduate training in the speciality of neuro-radiology.

Surgery

8.1 Consultant General Surgeon

Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of general surgery.

8.1.1 Consultant General Surgeon with special interest in Emergency Surgery (added July 2020)

Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of general surgery.

8.2 Consultant General Surgeon with a special interest in vascular surgery

(a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of general surgery

and

(b) Two years certified postgraduate training in vascular surgery.

8.2.1 Consultant Vascular Surgeon (added July 2020)

Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of vascular surgery.

8.3 Consultant General Surgeon with a special interest in gastrointestinal surgery

(a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of general surgery

and

(b) Two years certified postgraduate training in gastrointestinal surgery.

8.4 Consultant General Surgeon with a special interest in upper gastrointestinal surgery

(a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of general surgery

and

(b) Two years certified postgraduate training in upper gastrointestinal surgery.

8.5 Consultant General Surgeon with a special interest in colo-rectal surgery

(a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of general surgery

and

(b) Two years certified postgraduate training in colo-rectal surgery.

8.6 Consultant General Surgeon with a special interest in breast and endocrine surgery

- (a)** Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of general surgery
- and**
- (b)** Two years certified postgraduate training in breast and endocrine surgery.

8.7 Consultant General Surgeon with a special interest in breast surgery

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of general surgery
- and
- (b) Two years certified postgraduate training in breast surgery.

8.8 Consultant General Surgeon with a special interest in hepatobiliary surgery and liver transplantation

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of general surgery
- and
- (b) Two years certified postgraduate training in hepatobiliary surgery and liver transplantation.

8.9 Consultant General Surgeon with a special interest in paediatric surgery

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of general surgery
- and
- (b) One year certified postgraduate training in paediatric surgery.

8.10 Consultant Trauma and Orthopaedic Surgeon (updated July 2020)

Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of trauma and orthopaedic surgery.

8.11 Consultant Trauma and Orthopaedic Surgeon with a special interest in paediatric orthopaedic surgery (updated July 2020)

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of trauma and orthopaedic surgery
- and
- (b) One year certified postgraduate training in paediatric orthopaedic surgery.

8.12 Consultant Trauma and Orthopaedic Surgeon with a special interest in spinal surgery (updated July 2020)

- (a) Registration as a specialist in the Specialist Division of the Register of Medical Practitioners maintained by the Medical Council in Ireland in the specialty of trauma and orthopaedic surgery
- and
- (b) One year certified postgraduate training in spinal surgery.

8.13 Consultant Urologist
