Qualification and Award Classification

GPA: Grade Point Average

The award GPA is the average grade earned by a student, calculated by dividing the the grade point of the applicable modules (determined by the programme) by the number of credits earned for those modules. The GPA Range is 0 - 4.2

The level of award is determined with reference to the following GPA scale:

GPA	**Award**
3.68 to 4.20	First Class Honours
3.08 to 3.67	Second Class Honours, Grade 1
2.48 to 3.07	Second Class Honours, Grade 2
2.00 to 2.47	Pass

Stages and Credits

A student will progress through a programme in stages. Completion of each stage normally requires the successful accumulation of credits specified for each programme.

Programme specifications define the credit requirements of each stage of a programme, and will specify the range of modules which must, or may, be taken in order to satisfy these credit requirements.

1 Credit is equivalent to 1 ECTS credit and is associated with 20-25 hours of learning.
