

## Approved Consultant Posts for Recruitment

The following information details the new and replacement consultant posts recommended for approval each month. It should be noted that there is often a significant period of time between recommendation of approval of a consultant post through the Consultant Applications Advisory Committee (CAAC) to the commencement of the recruitment process and ultimately the recruitment of a Consultant to a post.

Recruitment to HSE Consultant posts is conducted by the Public Appointment Service (PAS) with HSE funded sites conducting their own recruitment directly. If you wish to be notified of job alerts please select the type of Medical Consultant post you are interested in and register [here](#).

You can search for consultant posts on the jobs section of [www.hse.ie](http://www.hse.ie) otherwise, please contact each clinical site directly and quote the post reference number to clarify the recruitment status of the post.
