Consultant Post Matching Report to 31 March 2020

This data has been extracted from Doctors Integrated Management E-system (DIME) as at 31 March 2020 in relation to Approved Posts on DIME

DIME is dependant on clinical sites inputting details on their consultant workforce. Currently there is an estimated 99% compliance rate and therefore there may be variances and gaps in the data supplied to that held within in clinical sites

As DIME is a live system it must be noted that there can be variances in the figures published dependant on the run date of the report and entries can be made with a retrospective date

Filled posts are all the consultant posts which are currently filled regardless of tenure, both permanent & locum. Therefore filled posts include the following contract holders; permanent, temporary, locums & agency staff

This data is used to respond to many parliamentary questions, freedom of information requests etc. so therefore, it is important that the data is reliable. Should you require any amendments please contact the Consultants Division for assistance at consultant.applications@hse.ie

****Unmatched: the site has not yet assigned a consultant to a post or marked a post as vacant therefore the status of this post is currently unknown in DIME.***
It should be noted that all newly created posts recently recommended for approval through CAAC default to 'unmatched' until the clinical site verifies if the post is filled or vacant

*****Vacant: a vacant post is a consultant post that the hospital has verified on DIME as currently vacant***
